MEETING MINUTES

ADJOURNED REGULAR MEETING OF THE BOARD OF SUPERVISORS COUNTY OF PLUMAS, STATE OF CALIFORNIA HELD IN QUINCY ON FEBRUARY 1, 2022

STANDING ORDERS

Due to the Coronavirus disease (COVID-19) Public Health Emergency, dated March 16, 2020, the County of Plumas is making several changes related to Board of Supervisors meetings to protect the public's health and prevent the disease from spreading locally.

Plumas County Health Officer Recommendation Regarding Teleconferencing, issued on September 30, 2021, recommends local legislative bodies, such as commission, committees, boards, and council, hold public meetings with teleconferencing as authorized by Government Code section 54953 (e).

Pursuant to Government Code section 54953 (e) and to maintain the orderly conduct of the meeting, the County of Plumas members of the Board of Supervisors may attend the meeting via teleconference or phone conference and participate in the meeting to the same extent as if they were physically present. Due to Government Code section 54953(e), the Boardroom will be open to the public but subject to social distancing requirements, which limit the number of people that may enter to 25% of room capacity. Those that wish to attend the Board meeting, will be required to wear a face covering, as required by the local Public Health Officer order. The public may participate as follows:

PLUMAS COUNTY
BOARD OF SUPERVISORS

Chair Kevin Goss
Plumas County Board of Supervisors
520 Main St., Room 309
Quincy CA 95971

Dear Chair Goss,

The opportunity to reside and work in Plumas County is a blessing and highlight in my life. However, I am writing to apprise you that I will be resigning from my position as County Administrator effective the 27th of February 2022.

The Plumas County team is a small and dedicated team that has bounced between endless and exhaustive emergencies and challenges among their day to day responsibilities for two years straight; they have performed well and I am proud of them. This is a team and a County I care deeply about and I will continue to work for a seamless transition for all of our benefit. I am grateful to have associated with each of them within and outside of County functions. I am grateful to the Board of Supervisors, County residents and stakeholders for our time and efforts together on various projects and opportunities. I wish you all well in each of your endeavors.

Kind regards,

A handwritten signature in blue ink that appears to read "Gabriel Hydrick".

Dixie Fire Collaborative
Board of Supervisors Report
February 1, 2022

The focus of the Dixie fire Collaborative has been shifting its primary focus from emergency response to rebuilding and economic development. The first step in that process was to gather information from residents.

1. Preliminary survey results show the percentages of
 - a. residents wanting to return (46% yes, 43% various, see what other do, 10.7% no).
 - b. property owners who want to rebuild (46% yes, 41% various, not be the only house in town, 12.5% no).
 - c. property owners who had insurance (57% full, 28% partial, 15% none)
2. The Business Owners Survey is beginning this week.
3. On Saturday, February 5, the DFC will sponsor a four-hour Homeowner's Rebuilding Workshop for anyone interested in the rebuilding process. It will include representatives from all stages of the building process, from securing loans and plans to working with contractors. Your Planning Department will be there to help. That free workshop will be in the Greenville Elementary School Cafeteria from 11:00 to 3:00. Lunch will be included
4. The next big step is to create a coordinated, well thought out plan for rebuilding that reflects the desires of the community. To that end, the DFC has secured funding for Phase 0, a process involving three consulting firms to organize how we will create a plan for rebuilding Indian Valley's decimated communities into communities that thrive. These three firms will work together as one team.

SERA Design is the largest company with rural and urban planning and design experience.

OpenScope Studio has experience with a wide variety of housing types and with complex residential and commercial planning.

TactileWorx brings experience with communities and businesses creating plans that residents see as theirs. Communication and listening to residents is their strength. The owner has worked in Indian Valley on a variety of projects over the past two decades.

This process, Phase 0, is set to begin in less than two weeks and expected to take about two months.

5. Phase 1 will be to create the actual rebuilding plan, which will include economic development. It is scheduled to be completed by fall.

6. Phase 2 will be implementing the rebuilding plan, beginning this coming fall.

We can do a lot by ourselves, but to be successful, we need to do this with your support. General Manager Hydrick has been supportive and Chairman Goss is already highly involved in these activities. We will present updates at your first and third meetings each month to keep you informed as we go through this process. In addition, we invite each of you to come tour Indian Valley with us to get a better understanding of the task we are undertaking. Please call or email Kest Porter at 530-616-0226 or kestporter@gmail.com to arrange for a personal tour at your convenience.

Thank you

OPTION #1 - FIX MUNIS

PROS

- Over 80% of work has already been done.
- Significant amount of money has already been spent on building data and implementation.
- Financial system is currently run out of Munis.
- SaaS hosted (removes liability from County in the event of a cyber security attack, sensitive information is stored on secure servers, not located in the county).

CONS

- Fractured relationship with Project Manager/Project Consultant.
- Multiple things still need to be accomplished (see Pending issues).
- Lack of end-user training has Departments struggling to figure the system out.
- Push back on change management.
 - Custom reporting goes away, but most systems have similar reports built-in, or they can be developed.

OPTION #1 - FIX MUNIS

Pending Issues

- Balancing Daily Cash (Treasurer's Office).
- Interest Appropriation (Treasurer's Office) – fix available, just need time and resources.
- Fixed Assets moved over (Auditor's Office).
- ADDITIONAL TRAININGS!!!!!!!!!!!!!! (all departments).
- Implementation (final cut-over).
- End-user training.
- CAMS integration (Public Works, Public Health, Auditor's Office) – fix available, just need time and resources.
 - ACA reporting – resources have been provided.

OPTION #2 - UPGRADE PENTAMATION

PROS

- Upgraded version of current system so data might be easily transferable - NOT GUARANTEED.

CONS

- 20 years of software updates will be needed so the look, feel, and function of the new system would be a learning curve.
- Financial and HCM will be on two different systems, (County will have to pay for two subscriptions)
- Money already spent on Munis would be wasted.
- Push back on change management.

OPTION #3 - MOVE TO A NEW SYSTEM

PROS

- Fresh start.
- Option to integrate additional programs (such as Accela for Building, etc.).
- Options of being SaaS hosted (removes liability from County in the event of a cyber security attack, sensitive information is stored on secure servers, not located in the county).

CONS

- Push back on change management.
- Custom reporting goes away, but most systems have similar reports built-in, or they can be developed.
- Money already spent on Muni's would be wasted.
- Completely new system to learn, time will be needed to rebuild data and re-learn the new system.
