Hi Allen,

Here's the email to print and read into the record.

Hey Mimi.

Quick point of interest for today's meeting. I wanted to be there but have a conflict preventing me from attending. I have concerns about a specific spending approval coming before the BOS today. The "Code Lock" for the fair grounds. The invoice says John hired a lock smith from Vallejo and paid him more than \$3000 dollars for a code lock. These cost between \$60 and \$300. The labor alone is \$1300. The whole thing stinks. I would like to put it before the Board formally that this kind of spending is what's wrong with our State and apparently our county. I think we share this concern. I'm still learning proper channels and how to call these sorts of things into question. That's why I'm emailing you directly.

I'll do my best to show up to meetings to express these concerns myself when I can.
If you're able to raise my concerns if you share them I would appreciate it.

Thank you for serving our county.

Matthew Kitchens
