S.O.S. BUTTE & Plumas COUNTY RESIDENTS
YOU MUST RESEARCH FOR YOURSELF THE COVID "VACCINES" and HOSPITAL PROTOCOLS

"In fact, Pfizer CEO Albert Bourla explains to the World Economic Forum there's a surplus of 7,000,000,000 doses of his COVID 'vaccines' sitting in warehouses because there aren't enough educated populations that believe the 'vaccines' are doing well." The CEO of Moderna: "It's sad to say I'm throwing 30 million doses of the coronavirus 'vaccines' into the garbage because no one needs them. We have a big problem with demand." Let me warn you, people are NOT buying what the Butte County Board of Supervisors and Public Health are selling. Even Bill Gates said, "The 'vaccines' don't have much in the way of duration, and they're not good at infection blocking." And Andrew Wakefield says, "72% of Americans are either not getting the first dose, not getting the second dose, or not getting the booster. This is an abject failure on behalf of that vaccine program. Bill Gates is a broken man... the public do not trust them anymore." Which is what many in this community have been telling Board of Supervisors for a long time. We have learned that these drugs are actually harming and killing people which has also been exposed by the Pfizer documentation. And to make matters worse they actually spread the pandemic. We don't trust YOU or them! People are thinking logically and I believe YOUR and THEIR days are numbered.

I sent you the video of the "vaccine" injured. Hours after Danielle's second dose of the Pfizer "vaccine" she fell ill. She said, "I'm a shell of what I was." Then she stood up as her body violently shook to show you what she now has to go through everyday.

Then Angelina explained she began having convulsions and was unable to walk. She would beg her doctors, "Please help me!"

Candace experienced painful burning and pricking in her legs and back three weeks after her second COVID "vaccine". She spent 28 days in the hospital and was discharged without a diagnosis. It is not ethical that they sent me home with a walker and an order for a potty chair," she says.

"Why aren't your hearts broken? This is a humanitarian crisis. People are suffering. It's inhumane and not moral. It could be your mother. It could be your child." STOP the harm being perpetrated on our communities!

People are learning the truth and are suing over COVID mandates that hurt themselves and their families and infringed on their constitutional and medical liberties. I believe YOU are going to loose as more and more people are going to file more and more lawsuits. There is NO approved FDA "vaccine". People were "tricked" into taking the "vaccine" and abiding by harmful mandates such as covering their faces. Just as the World Health Organization will learn there is NO treaty that overrides the Constitution. The Constitution is our absolute protection. YOU must learn to abide by We the People. YOU can't take away our GOD given rights. We were born with them.

I recommend this Board and others including DA Ramsey stop saying, "It's the law." The only people who appear to breaking the "law" are the public officials - not the People. COVID Code enforcement was illegal and I have sent you countless documentation of the real laws of our land. Must I remind everyone of the Bay Area Transparency, YouTube video, titled "THAT'S FINE! BRING IT!!!!" with almost 400,000 views where he claims, "Worst behavior of public servants you have ever seen in your life"? This video is representative of Butte County and it's an embarrassment to our communities.

https://www.youtube.com/watch?v=kQ_vBvYSbm4

It breaks my heart to watch the video I sent you of Dr. Paul Marik. He is the second most cited ICU doctor in the USA. He broke down in tears talking about the humanitarian catastrophe that is being caused by COVID "vaccine" side effects. It's not a "vaccine" in the traditional sense. It's an experimental gene therapy injection that is maiming and killing people at an unprecedented rate. The consequences are going to be great on our society. On the other hand it is deeply disturbing Board of Supervisors (and others) appear to not care what is happening in our community and around the world, and I hope will be held accountable to the fullest extent of the law. Your indifference to other people's pain is shocking, appalling and deeply saddens me. Especially since you have been given a privileged position and should profoundly care about the people you serve.

Where is the Covid-19 Update on the Board of Supervisors' agenda? You appear to be trying to STOP this message from getting out to the public. How can Board of Supervisors and Public Health promote and distribute a "vaccine" under Emergency Use Authorization (EUA) when you both claim there is NO emergency. "There may be a United States Emergency Use authorization (EUA) for babies to five years old - I must conclude that we are looking into an abyss of evil not seen since the 1945." Naomi Wolf.

You must end ALL health emergencies, end any and ALL mandates. STOP this shot in Butte & Plumas County, completely and truthfully inform the public, and do NOT implement ANY mandates in the future. The Public is able to make their own health decisions and do NOT need interference - especially from local government. You have NO legal rights (perhaps have been) and will be practicing medicine without a license. There is NO emergency in Butte or Plumas County and NEVER has been an emergency regarding Covid-19.

Butte County Public Health is required by law to prove we were in an actual emergency and it's the Board of Supervisors' job to make sure that this legal obligation was fulfilled. NO Butte County Health Officer has ever attended and provided evidence, as required by law, to support a local health emergency. You have removed the Covid-19 Update in Butte County; however, I watch the Covid-19 Update in other counties. This is a requirement of law and it takes away the residents' right to be informed and give their opinions and concerns which is a First Amendment right and required by the Brown Act. I demand you place it back on the agenda until ALL health emergencies have been eliminated and the Emergency Use Authorization Criteria is null and void and no "vaccines" are allowed and a new set of laws will be in place. Ms. Danette York, Board of Supervisors, (and others) need to be held liable for preventing evidence that does not provide the whole picture and information on Covid-19. This is not informed consent, this is coercion, and I AM OUTRAGED AT THE COVID SHOT DEATHS AND MANY INJURIES!

"There was an opportunity to limit the loss and none was taken. You are on a collision course with the ALMIGHTY." Dr. Fleming recently reported, "If you are an elected official and taken an oath or even a non elected official that has been placed in a position of authority you have violated treaties, criminal statutes, liberties and civil rights of Americans, U.S. Constitutional Law, and by definition you have committed treason. These are criminal actions and people need to be held criminally responsible for their actions."

It appears the government has caused an epidemic of suicides, bankruptcy, overdoses, domestic abuse, delayed thousands of life saving surgeries, psychologically damaged generations of children, taken two years of freedom from everyone, abolished the rule of law, created psychological and mental stress, and allowed many to die without family members surrounding them (extremely cruel), and caused many other harms too numerous to list here. Let me remind you NO ONE has been untouched by the COVID lies and deceit.

I ask that you educate yourselves on Stockholm Syndrome in which hostages develop a psychological bond with their captors during captivity, psychological warfare techniques (being inflicted on our young people as well as many others), How America Fell Victim to Mass Delusional Psychosis by Mark McDonald, Zimbardo's Famous Study on Stanford Prison Experiment (where guards were placed in a position of power and they began to behave in ways they would not usually act in their everyday lives or other situations. Where the question was asked: Do good people

do bad or evil things?, the Asch Conformity Experiments where a series of studies were conducted to see if and how individuals yielded to or defied a majority group and the effect of such influences on beliefs and opinions. A study of conformity effects on people and their reactions, and the Milgrim Experiment (obedience to authority figures which was a series of psychology experiments conducted by Yale University psychologist Stanley Milgrim) to name a few. Then you and our law enforcement agencies should be familiarized with Ordinary Men by Christopher Browning. He shows how "men were transformed psychologically from ordinary men into active participants in the most monstrous crime in human history."

Our Public Health Officials and local politicians know these "vaccines" are hurting healthy adults and children and have not notified Butte or Plumas County residents. A huge backlash and public outrage is coming as the true number of deaths and injuries caused by the experimental "vaccines" is made known. "Watch out! You have never faced the rage of thousands of mothers" warns Naomi Wolf. The Expose' reported "12,548 children have suffered a serious adverse event due to the COVID "Vaccines" in the USA: and 106 kids have sadly died," dated May 4, 2022.

Karen Kingston offers "Gene therapy products are all products that mediate their effects by transcription and/or translation of transferred genetic material and/or by integrating into the host genome and that are administered as nucleic acids, viruses, or genetically engineered microorganisms. The products may be used to modify cells in vivo or transferred to cells ex vivo before administration to the recipient. See section III of FDA's guidance entitled "Guidance for Industry: Gene Therapy Clinical Trials - Observing Subjects for Delayed Adverse Events" dated November 2006. <http://www.fda.gov/biologicsbloodvaccines/guidancecomplianceregulatoryinformation/guidances/cellularandgenetherapy/ucm072957.html>. She says, "these are bioweapons whose purpose is to poison, harm, and kill with their own patents." I have sent you and law enforcement agencies in Butte County these patents with NO response.

Still Butte County agencies and officials aren't officially warning the Butte County residents about these and other risks despite having been privy to this information for approximately two years or more. Butte County officials have access to the same safety data we in the community have and this might be considered misconduct in public office. Government is setup to protect the people - not harm them. So, when harm is committed they are no longer acting in their official capacity they are acting in their personal capacity which could bring personal liability they hadn't anticipated. It's irresponsible not to take action. We need to protect the children, the vulnerable, and damaged.

A "vaccine" with reports of wayyyy over a million adverse events and deaths is NOT safe, effective, or free as promoted by Butte County Board of Supervisors and Butte County Public Health as anyone can clearly see. The center for Disease Control and Prevention released new data showing a total of 1,400,350 reports of adverse events following COVID-19 vaccines between December 14, 2020 and September 2, 2022 up 14,952 up the Vaccine Adverse Event Reporting System (VARES). VARES is the primary government-funded system for reporting adverse vaccine reactions in the U.S.

It is a voluntary reporting system for reporting adverse reactions to the U.S. and has been estimated to account for only 1% of vaccine injuries. As of May 27, 16% of deaths occurred within 24 hours of vaccination, 20% of deaths occurred within 48 hours of vaccination, and 59% occurred in people who experienced an onset of symptoms within 48 hours of being vaccinated.

Every Friday, VARES publishes vaccine injury reports received as of a specified date. Reports submitted to VARES require further investigation before a causal relationship can be confirmed.

The data included a total of 30,796 reports of deaths - up 449 over the previous report. And 235,041 reports of serious injuries - up 4,677 (old number) with tragic stories that never end. I sent this board an article from The Expose' dated May, 3, 2022 entitled "How many people have been murdered by the COVID-19 injection?" This article includes 16 pages with links as one rather large example. No response from Butte County Board of Supervisors, DA Ramsey, Sheriff Honea, or Butte County County Counsel.

NOTE: *Children have a 99.97% chance of recovering from COVID; however, if they DON'T get the shot they have a 100% chance of NOT being vaccine injured! "A scientific study conducted by scientists from the U.S. Food and Drug administration and the Centers for Disease Control found Covid-19 Vaccination increased Children's risk of suffering Myocarditis by over 13,000%." Attorney Todd Callender, "Based on what we are seeing, the rates right now are excess mortality of 84% and excess of every kind of disease at 1100%. We are expecting a 5,000% or so

increase in excess mortality for this year 2022. An enormous number.” Note: No claim is being made data are accurate because of the fraud, lies, censorship, propaganda, etc. There is a lot of unexplainable data and therefore may contain fraud in the analysis. Data have been observed disappearing in real time in both VARES and DMED. Expert data collectors must concluded the real numbers will be massive. Many nefarious opportunities have made their way into the COVID fraud and must be sorted out.

Dr. Cole says, “It is an absolute crime to inject this liquid into the arm of a child. There is no way we use our children as human shields and guinea pigs when kids survive this virus statistically at 100%...a shot that is now ALL risk with NO benefit.”

(7/29) U.S. VARES data for 6 month to 5- year olds show:
2,622 adverse events
81 rated as serious
3 reports of deaths
4 myocarditis and pericarditis (heart inflammation)
15 reports of blood clotting disorders
25 reports of seizures

(7/29) U.S. VARES data for 5- to 11- year olds show:
12,379 adverse events
315 rated as serious
9 reports of death
24 reports of myocarditis and pericarditis (Heart inflammation)
47 reports of blood clotting disorders
102 reports of seizures

(7/29) U.S. VARES data for 12- to 17- year olds show:
32,910 adverse events
1,850 rated as serious
45 reported deaths
63 reports of anaphylaxis (life threatening)
658 reports of myocarditis and pericarditis
165 reports of blood clotting disorders

Biden Administration makes available 10 million doses of COVID vaccine for kids under 5 - before FDA authorizes shot!!!!!! The White House unveiled its “Operational Plan” for vaccinating this group - one week before the U.S. Food and Drug Administration are scheduled to meet for babies as young as 6 months old! The White House will focus on parents, especially moms.

Legal Counsel Robert F. Kennedy, Jr. “The countermeasures, including the vaccines, were never about science or public health.” “Now they have departed from common sense and into naked cruelty and barbarism. By recommending an unapproved, experimental, zero-liability, and high-risk medical intervention for an illness that poses zero statistical danger to that age group, the White House has made itself the enemy of America’s children.”

“The Pharma gods have demanded child sacrifice and high priests of public health have offered a generation of infants. Now more than ever, parents and physicians must step into the breach to protect our babies from our government.” He put them on notice he (and others) are poised to take legal action. “Vaccines have a negative net efficacy but puts them at risk of many adverse health consequences, including heart damage, stroke and other thrombotic events and reproductive harms.” Children under 5 could begin receiving the vaccines as early as the week of June 20th.

As of May 27, 5,559 pregnant women reported adverse events related to COVID vaccines, including 1,740 reports of miscarriage or premature birth; and it was recently reported “4,154 fetal deaths reported in VARES following COVID-19 vaccines”.

We know Covid-19 vaccines do NOT prevent infection or viral transmission and natural immunity is robust and far superior. In addition to VARES website we have the Yellow Card (1,490,271 injuries and 2,132 deaths through May

27, 2022), Eudra System (44,518 dead and 4,269,225 injuries through May 22, 2022) whistleblowers, DMED data, insurance documentation (data shows 40% increase in death of people under 64 and calls this the worse coverup in human history & includes other injuries), Senator Ron Johnson's Senate Hearing on COVID-19: A Second Opinion with world renowned doctors and medical experts, U.S. Senate expert witness testimony states there are 410,000 unexplained deaths in Americans. RFK Jr. shows, "Why the COVID-19 jab is the most deadly vaccine in history." I also sent you Dr. Mike Yeadon. The COVID Lies with his resources.

Coronavirus vaccines would have been withdrawn from the market due to the UNACCEPTABLY high mortality rate. Usually a vaccine is withdrawn from the market after 50 deaths or less. VARES is supposed to act as an EARLY WARNING SYSTEM and no one is being given legal INFORMED CONSENT which is a violation of our laws, the Nuremberg Code (known as the Code of Regulations), as well as many others including but not limited to 21 U.S. Code 360bbb-3. Voluntary consent is essential! Almost 1,300 side effects including death have been reported by Pfizer data and no one in their right mind would knowingly take this kind of chance with their health. Del Bigtree says, "Probably 250,000 people have been murdered by the Covid-19 shot."

Butte County Board of Supervisors (and others) appear to have broken many state and federal laws by faking a medical emergency for funding.

18 U.S. Code 1040 - Fraud in connection with major disaster or emergency for benefits to get funding. This is a crime and you could be charged with 30 years in prison.

18 U.S. Code 1038 - False information and hoaxes. The hoax in this case there is NO emergency. The penalty could be life in prison.

CA Health and Safety Code 101080 - Requires you by law to terminate the emergency at the earliest date.

Penal Code 148.3 - False reporting an emergency. There is NO emergency.

Title 18 U.S.C. Section 242 - It's a crime to willfully deprive a person of a right or privilege under the Constitution by local officials. You could be imprisoned up to life.

Government Code 8630 - Requires termination of the emergency at the earliest date.

42 U.S. Code 1986 - Action for neglect to prevent...

Title U.S.C. Code Section 241 - Conspiracy against rights...

Government Code Section 8630 - Calling for an emergency when there really isn't one.

HSC Div., 105, Part 1, Chapter 3, Section 120175.5 - Not providing relevant information regarding communicable diseases.

Emergency Services Act 8558b - Calling for an emergency when there are NO legal grounds.

Disaster Fraud

We the People DO NOT approve of unlawful actions by the Butte County Board of Supervisors (or others).

Money is NOT a reason to put Butte (Plumas) County residents and their children in harms way.

The pandemic was a hoax created by a fake PCR test (which can not diagnose), fake news and unscientific science. NONE of the tests are approved or validated. They all are under emergency use authorization (EUA). This level of malfeasance (wrongdoing or misconduct especially by public officials) has never happened in our history. "Australia is admitting COVID shots are harming people and they are offering up to \$600,000 in compensation."

The scientific facts are clear: Masks, lockdowns, social distancing and vaccines have all proven failures and must stop! The harm especially perpetrated on our youth is unconscionable. These catastrophic mistakes will not be able to be covered up. Butte County Board of Supervisors (and others) had the opportunity to decide not to lockdown our county and tell ALL businesses they are essential. You should have backed your local businesses not harmed them with silly mandates. Uphold the constitution - it's the law of the land! You answer to We the People, and we demand more out of our public servants.

Masks cause carbon dioxide poisoning, significant and possibly permanent damage to a child's brain, drop in I.Q. points reported in newborns, lowers I.Q. in other age groups (Children born during the pandemic reportedly lost as many as 21 I.Q. points.), retards speech and language development, cripples social skills, and has lead to depression, self harm, substance abuse, increase in suicides, and crime due largely to the lockdowns, masking, and social distancing. In addition, masks violate CA Education Code 49005.1 and CA Education Code Sec (4) 49005.8 (a) and is child abuse. "Watch out! You have never faced the rage of thousands of mothers!" Naomi Wolf

Medical literature and modern-day heroes are exposing all the fraud, lies, and will hold those who participated accountable.

Here is a sampling of books title that do not promote the fear and "vaccine" propaganda: A Plague Upon Our House by Scott W. Atlas, M.D., The Case Against Masks by Judy A. Mikovits and Kent Heckenlively, JD, The Truth About COVID-19 Exposing The Great Reset, Lockdowns, Vaccine Passports, and the New Normal by Dr. Joseph Mercola and Ronnie Cummins, Overcoming The COVID Darkness by Brian Tyson, M.D. and George Fareed, M.D., COVID OPERATION What Happened, Why It Happened, and What's Next by Pamela A. Popper and Shane D. Prier, Plague of Corruption Restoring Faith in the Promise of Science by Dr. Judy Mikovits and Kent Heckenlively, JD, American Muckraker Rethinking Journalism for the 21 Century by James O'Keefe, Covid-19 and the Global Predators: We are the Prey by Peter R. Kennedy Jr., Revealing Revelation by Amir Tsarfati with Dr. Rick Yohn, and Where Do We Go From Here? By Dr. David Jeremiah.

Here is a sampling of doctors who are exposing the lies and deceit of COVID-19: Dr. Zelenko, Dr. Robert Malone (developer of the mRNA technology), Dr. Richard Fleming, Dr. Peter McCullough, Dr. Lee Merritt, Dr. Roger Hopkinson, Dr. Christiana Northrop, Dr. Richard Bartlett, Dr. Ben Tapper, Dr. Jane Ruby, Dr. Henry Ealy, Dr. Vernon Coleman, Dr. Carrie Madej, Dr. Thomas Cowan, Dr. Brian Ardis, Dr. Pierre Kory, Dr. Sherri Tenpenny, and PhD. David Martin.

Three notable attorneys working on the COVID hoax: Attorney Reiner Fullmich, Todd Callendar, and Thomas Renz,

You appear to be aiding, abetting, and violating your oath of office you have sworn to uphold. I implore this board to do the right thing and STOP promoting unethical human experimentation and stop the "vaccines" in Butte County.

Board of Supervisors have the authority to rescind all health orders, mandates, and "vaccines" in Butte & Plumas County. They are morally, ethically, and legally obligated to warn their constituents of the dangers these shots present to the people in Butte and Plumas County and their children. The office of the Board of Supervisors serves to preserve, protect, and defend the Constitutions of the United States and California. Board of Supervisors have a duty to faithfully execute our laws not to repeatedly engage in conduct that violates the Constitutional rights of the citizens of Butte (Plumas) County. When there is fraud immunity disappears. It is null and void and there is no statute of limitations on fraud.

What is the official safe limit in terms of deaths and injuries reported to be the actual numbers that is deemed acceptable, above and beyond which the program must be stopped given that the Covid-19 "vaccines" are stated to be "SAFE" "EFFECTIVE" "FREE" by Butte County Public Health and Board of Supervisors? Tell us what is the official safe limit in terms of deaths and injuries reported?

The fallout of the pandemic is going to be catastrophic - especially on the children! The "vaccines" are deadly and cause severe injuries at alarming rate and therefore must be stopped in Butte County. If Butte County residents are not getting educated how do they make an informed decision?

If you feel like you lack understanding of what is going on in our world I invite you to tune into the following prophesy pastors who can also be found on YouTube:

I WOULD LIKE TO MAKE THE FOLLOWING DEMANDS of BOARD OF SUPERVISORS AND BUTTE COUNTY PUBLIC HEALTH:

- 1.) "We declare and the data confirm that the COVID-19 experimental genetic therapy injections must end." Global Covid Summit
- 2.) Provide proof with real information and facts that these "vaccines" are SAFE*EFFECTIVE*FREE as promoted by Butte County Board of Supervisors and Butte County Public Health.
- 3.) I demand answers to questions that this Board and Public Health have failed to answer. I barely scratched the surface of the questions we need answered as a community in 4.05 Termination of local health emergency dated 5/24/22.
- 4.) Put the Covid-19 Update back on the agenda and allow the public to speak on this matter and receive honest, real, and factual information.
- 5.) I demand allegiance to the Constitution or leave office.

Let me warn you, when a demand is made and not followed there is no immunity, and where there is evidence of a misdemeanor being committed and you do nothing you become part of the crime.

Edward Dowd: "Monkeypox is merely a distraction: These people are trying everything they can to avoid being jailed, and a lot of things you're going to see in the media are distractions to cover that up. This recent monkeypox nonsense; they're going to try to lock down the economy right before the elections. You have to think of what's happened with the 'vaccines' and the excess mortality. A lot of bad people are going to go to jail."
