b) Police Protection and Security Emissions

Describe the Police Protection and Security Plan for the proposed event to the satisfaction of the Plumas County Sheriff. Include a plan for the control and prevention of drug consumption and underage alcohol consumption.

Plumas County Sheriff: 1400 East Main Street
Quincy, CA 95971
(530) 283-6375

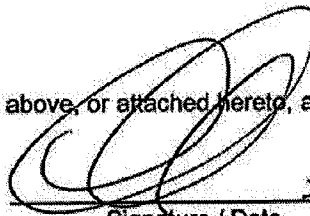

In regard to Protection and Security: Belden Security and our hired professional security team will provide the security for this event. We will have a complete professional security staffing team on staff. They are fully licensed and carry current security 'Guard Cards' (Security Card Licenses from Bureau of Security & Investigative Services). Our fully licensed professional security staff combined with Belden's internal security team, will be working together to completely secure the event & all it's attendees. All guards will be easily recognizable with distinct security uniforms and badges as well as all security staying in constant contact with radio's for immediate response. Several patrols will happen throughout. There will always be at least one patrol (2 guard team) on duty at all times during the event. There will be 24 hr. professional licensed security for the entire festival time with an extra patrol constantly available in case anything critical arises. Belden security will also be doing patrols throughout and aware of any potential issues or emergency situations.

Underage Drinking & Illegal Substance Abuse Prevention: We will not be serving any alcohol at all for this event. Belden has a bar but we don't inform the patrons of this as it is not a part of our event. We have not had any issues or emergencies in regard to alcohol at this event & we will work to keep it that way. The vast majority of our attendees are 21 years or over. The security staff will be looking for any problems and issues including underage drinking or illegal substance situations. If any of these problems are located or brought to securities attention the offenders will be evacuated from the event & premises. The security staff will inform patrons of not allowing these situations and the consequences accordingly. The Belden staff & security will also be looking out for any of these types of situations and not allowing them to occur.

County Agency Approval:

The Police Protection and Security Plans described above, or attached hereto, are approved for the event as described in this application.

UNDERSHOER Dana Coulson
Plumas County Sheriff

Signature / Date 2/1/17

c) Emergency Preparedness Plans Emissions

Describe the Fire Protection, Evacuation Plan, and Wildfire Protection Plan for the proposed event to the satisfaction of the Plumas County Office of Emergency Services.

Plumas County Office of Emergency Services:

270 County Hospital Rd. Ste. 127
Quincy, CA 95971
(530) 283-6332

Emergency Preparedness Plans-

The Belden Staff & our licensed security staff are professionally trained to respond to any emergency situations that could arise. If anything should happen they will be actively working to locate issues & implement the emergency plans necessary. They will be in constant communication with each other and then the patrons in the event of an emergency situation.

Fire Protection:

Fire Patrol will be done by Belden staff & Security officers. They will be constantly patrolling and seeking out any possible fire situations, on foot at all times during the event. Along with event staff patrolling the grounds for any situations as well.

Communication in the event of an emergency- In the event of an emergency the professional security guard staff will be staying in constant contact between each other with radio's for immediate response. These radios will also be able to contact emergency responders if necessary. Additionally event staff and Belden staff communicate on radio between each other. And Belden staff is also able to notify emergency responders through their local phone service as well, to help with contact in case of a wildfire. Also there are Belden's loud speakers, the events loud speakers and event bullhorns to be used for emergency communication if needed. Belden staff will be involved with all fire response. Additionally there will be 24 hr. professional licensed security for the entire festival time and they will be responding to any and all incidents within the event as well. All guards will be easily recognizable with distinct security uniforms and badges as well as all security staying in constant contact with Belden staff & each other.

Fire Equipment- 1 Fire engine / 2 fire hydrants / 1 sub-fire hydrant at water shed (3 nozzles) / Fire suppression units on building structures / Multiple shovels and picks (many) / Large amount of Fire Extinguishers (5 in building, many more for the entire property) / 26 fire hoses & 36 water hoses-

10-1.5 inch (100 ft ea).

8-1 inch (100 ft ea)

3- 2 inch (50 ft ea)

2 - 3 1/2 inch (100 ft ea)

*With adapters/reducers for max. efficiency & hookups throughout the entire property

Additionally the security staff and the event staff will be supplying their own fire extinguishers & shovels to cover all other areas of the event.

Prevention of Wildfires:

All patrons of the event will be informed that there are no fires allowed, including campfires, fire performance or open flame at all. Also that camping stoves are not allowed without a permit in accordance with USDA Forest Service regulations. Fire prevention signs will be posted at the front gate/check in area, at the main lodge/venue restaurant, at the main portable restroom area and at the entrance to the camping. Along with everywhere that the Belden property has their wildfire prevention signage posted.

Prevention of specific potential wildfire causes:

-Smoking: If it is deemed unsafe for smoking, we will establish smoking sections located in safe areas to accommodate this & inform patrons. Not to be located around any brush, dry grass or flammable materials. There will be nearby water or fire extinguishers to aid in case of emergency in these areas.

-Parking in dry grass: Cars will not be allowed to park in dry grass areas only in the designated parking areas. If there is a potential for a car to be near a dry grass area, the car will be made to cool down to an appropriate temperature before being allowed to park. Additionally we will either remove the dry brush or water down the potential parking spot areas to make sure it won't be susceptible to heat or combustion.

-Campfires & Camp Stove use: To ensure neither of these are used we will inform patrons through information outlets before the event. Also they will be informed when they arrive and check in to the event. Then it will be listed in the event information handout given to everyone when they arrive. During the event, security will be patrolling the camping areas and looking for either of these being utilized and stop it immediately then informed that they can apply for a permit for them.

-Fireworks, generators portable equipment: Absolutely no fireworks or use of portable equipment (welding, cutting, chainsaw) will be allowed at the event. Attendees will be informed of this through information outlets before the event. Also they will be informed when they arrive and check in to the event. Security & Belden staff will respond to any potential situations of fireworks or portable equipment use. There are no plans to use generators for this event. If for any reason they are used, it will be in compliance with Cal. PRC 4442 & used on land that is not forest covered, brush covered or grass covered. The grounds surrounding will be cleared of all flammable material.

Evacuation Plan:

The visual evacuation plan is detailed on the attached map. Evacuation routes will be identified to the attendees through the gate staff before they are allowed to enter the event. Besides the verbal informing, the evacuation routes will be listed in the printed event guide & shown on this event diagram/map.

If our event is notified of a need for evacuation from CalFire, CHP, Sheriff's Office or Plumas County officially, all security & staff will join with Belden staff & security to begin evacuation. In the case of an immediate evacuation Belden has a loud speaker system to announce to the attendees who are at the point of evacuation to leave cars behind and just get out, if necessary. Additionally staff will sweep with bullhorns announcing evacuation.

Belden's evacuation team will be directing the non-driving people across the bridge and over to the rest area, & we will help make sure everyone is evacuated. They will wait for pickup there. Onsite vehicles will be directed to RV area to fit remaining seatbelt supplied seats to assist evacuation. They will then be directed to proceed on Highway 70 to an offsite parking area for drop off. Vehicles will return to Belden from the offsite lot to load patrons at the rest stop across Highway 70 & bridge. They will then be directed to proceed southwest on the evacuation route as directed by CalFire/CHP/Sheriff/Plumas County. Belden has stated the evacuation will be directed on highway 70 West, as emergency vehicles will be coming from Quincy.

The staff, residents, and security teams at Belden will be handling traffic control, in case of a fire or other emergency evacuations. The vehicles will be parked facing out towards the bridge when parked on property, to avoid complications with traffic making its way out as quickly and safely as possible. (*Evacuation map attached)

To be prepared for any potential emergency situations the roadways and entire evacuation routes will remain clear of any and all obstructions at all times during the event. Vehicles will be available onsite for proper evacuation. Belden staff will be in control of the evacuation plan execution & our staff/security will help with this plan as needed.

a) Water Supply and Sanitation Facilities, Food Provisions, and Solid Waste Clean-up & Recycling Plans

Describe water supply and sanitation facility plans, provisions for food handling and the solid waste clean-up and recycling plans for the proposed event to the satisfaction of the Plumas County Department of Environmental Health.

Plumas County Department of Environmental Health

270 County Hospital Rd. Ste. 127
Quincy, CA 95971
(530) 283-6355

For Water Supply:

Belden has two full permitted water sources available. Additionally Belden will be selling bottled water in their store for all patrons of the event. Included on the property there is an onsite fresh water fountain available for free to all attendees. There will be flyers passed out, staff informing people & signs posted reminding everyone to stay hydrated. Along with staff telling people to bring plenty of water to the event beforehand.

Food Provisions:

Belden's onsite restaurant, with water & refreshments, will be open every day from 7am until 10 pm. Belden's kitchen is set up to sanitarily handle & prepare food in regulation with the Plumas County Health Department. All food served will be in compliance with any and all health codes required. Plus the onsite Belden general store that will be fully stocked with water & food for the duration of the event, before and after. If any food booths are included in the event they will all be permitted through Plumas County Environmental Health and all organized by our event's food vendor coordinator, Michelle Hack. The food vendor coordinator will contact the Environmental Health Department no later than 4 weeks before the event date to coordinate all food sanitation issues. All food booths will be required to operate in full compliance with all county health regulations.

For Sanitation Facilities:

We will again be using Plumas Sanitation out of Portola (a Plumas County permitted vendor). They will bring a minimum of 48 portable toilets and 4 wash stations. The portable restrooms will be placed conveniently within the event with a minimum of 2 located at the offsite parking area along with a waste dumpster. All portable toilets will be contracted to be cleaned out at least one time per day. Also serviced and maintained daily in a sanitary manner. Additionally, Belden has permanent onsite bathrooms in the lodge, two outdoor bathrooms, many hotel room bathrooms, plus ten cabins all with bathrooms.

For Waste & Recycling:

We have an extensive trash plan & crew that have been in place for all the past events. We are a 'Leave No Trace' team and try to tell our patrons to do so as well. But to make sure everything is taken care of no matter what we handle any and all waste. To oversee the recycling for the event we hire a professional 'Zero Waste' Recycling team. We will have recycling/trash stations set up at various areas around the event that will be maintained multiple times every day of the event by the recycling team & also event staff to prevent odors, leakage and overflow. We will have our extremely thorough cleanup crew, along with the recycling staff & the Belden Staff that will all work together to clean the entire site (including the camping area) during and after the event for as long as it takes to be completely cleared of all debris with all materials properly processed, bagged and removed from the property. Also we will be renting the appropriate number of dumpsters from Feather River Disposal for debris/trash removal to keep the waste contained and serviced to prevent odors, leakage overflow or flies & rodents. At least one in the event area & the other in the offsite parking area. Along with our 'zero waste' recycling staff removing all recyclable material within 48 hours of the event close to a proper nearby waste facility. They will be fully supplied with all materials needed to maintain and control the recycling in a sanitary manner to prevent odor, leakage and access for rodents or other animals. Any unsorted material left over after that allotted time period will be properly bagged accordingly and placed in the bins provided by the solid waste franchisee [Feather River Disposal] for disposal. Each year we are more and more dedicated to leaving the area cleaner than before we arrive.

County Agency Approval:

The plans described above, or attached hereto, are approved for the event as described in this application.

e) Medical Facilities & Services Emissions

Describe the medical facilities and services, including access for ambulances and paramedics or emergency medical technicians for the proposed event to the satisfaction of the Plumas County Health Officer.

Plumas County Public Health Agency

270 County Hospital Rd. Ste. 206
Quincy, CA 95971
(530) 283-6330

For Medical Facilities & Services:

This event will have fully licensed medical staff onsite for the duration of the entire event and available 24/7. For the past 7 years Emissions has never had a serious medical situation arise. Of the minimal amount of medical issues at all, there has only been one needing ambulance assistance. And that was more than was needed, just precautionary. We are committed to keeping it safe and minimizing any possibility of medical issues.

We will hire at least 2 California licensed EMS medical technicians (min 1 EMT-P & 1 EMT-B) from the local hospital along with technicians within our hired security team, to operate the medical operations for the event onsite 24/7. They will communicate through the professional radio system used by security and the medical staff, and have contact with 911 if necessary. Besides their cellular phones as backup, there is also an in-house land line phone at Belden to reach 911 or emergency services if radio is not available for any reason.

The clearly labeled medical tent will be set up at the Facilities and Services area; i.e. Belden's old garage area (less than 50 ft. from the bridge), and easily accessible to all patrons. The medical area will have a 24 hr. medical staff available at all times. Also security, Belden staff & event staff will be constantly patrolling and seeking out any possible medical situations, on foot patrol at all times. There will be a vehicle made available for any medical emergencies needing transportation or transporting of medical supplies.

The medical team & area will be stocked with all necessary medical supplies for this event, & kept readily available for possible situations. This will also include an Automated External Defibrillator (AED) with a person certified in its use, an adult BVM (bag-valve-mask) device, availability of oxygen & nasal cannula, epinephrine for IM use (EpiPen), & Naloxone for IM/IN use (available OTC) & basic airway, splinting, & immobilization devices onsite 24/7.

The medical staff will fill out the ICS Form 206 Medical Plan no later than 2 weeks prior to event date.

For Emergency Access:

The main road through Belden will provide access for ambulances and paramedics or emergency medical technicians throughout the entire length of the property. It will never be blocked or unable to be used. There is a nearby (or onsite) tow truck if needed to remove blockage A.S.A.P. Also our licensed professional security staff is trained in assisting medical emergency situations & will always be helping with any medical issues or emergency access needs at any time during the event.

We also have an extensive evacuation plan if an emergency situation comes up. *Please see 'Evacuation Plan' section of this permit application.

Some Additional Medical Emergency Related Info:

Along with the hired professional medical technicians, our security staff have members with medical certification & CPR certification to assist and provide more medical aid. Also on our event staff we have at least one certified nurse with extensive emergency medical training. We have also had 2 staff members that are certified EMT's working as event staff but still available to assist in case needed.

The Belden Staff & our licensed security staff are professionally trained to respond to any emergency situations that could arise. If anything should happen they will be actively working to locate issues & implement the emergency plans necessary. They will be in constant communication with each other and then the patrons in the event of an emergency situation. They will be easily identifiable and patrolling at all times during the event.

We inform attendees of possible dangers and safety measures before the event and onsite in the program or when checking in.

No alcohol will be sold or distributed by event staff or any vendors at the event, to any patrons.

All patrons of the event will be informed that there are no fires allowed. Including campfires, fire performance or open flame at all. Also that camping stoves are not allowed without a permit in accordance with USDA Forest Service regulations. Fire prevention signs will be posted at the front gate/check in area, at the main lodge/venue restaurant, at the main portable restroom area and at the entrance to the camping. Along with everywhere that the Belden property has their wildfire prevention signage posted. For more on fire prevention and safety measures please see the 'Emergency Preparedness & Fire Protection' section of this permit application.

Belden's trained and established staff will handle all responsibility for maintaining safety, etc. within their lodge (restaurant/bar) for all visitors, patrons, especially non-ticket holders including hikers from along the Pacific Crest Trail.

County Agency Approval:

The Medical Facilities and Services Plans described above, or attached hereto, are approved for the event as described in this application.

Mark Satterfield, M.D.
Plumas County Health Officer

f) Parking plan Emissions

Describe the parking plan for the proposed event to the satisfaction of the Plumas County Planning Department.

Plumas County Planning Department

555 Main Street
Quincy, CA 95971
(530) 283-7011

The parking plan is as follows: We will have a well established parking crew to handle all parking and incoming traffic. Our parking crew will coordinate the parking on the property very strictly and in accordance with the county, venue & US Forest Service parking rules & regulations. There will be 80 limited parking passes used by staff, performers or selected patrons. No vehicles will be allowed to stop on the road at all. Including but not limited to, the highway, the bridge & the main road through Belden. All vehicles will be pulled into our well organized and staffed turn around area or in the previously specified onsite parking areas allotted by Belden and completely off of the road. Absolutely all other vehicles will be parked offsite at the nearby local 'Jack's Place' parking area staffed with at least one parking attendant at all times. We will provide large ample lighting for this area as well as power for parking staff, attendants etc. Then patrons will be shuttled to the festival site by a professional licensed shuttle service. We will be pulling permits through CalTrans again, to ensure proper authorization to place signage along the highway correctly & in accordance with all county regulations. This permit application can be verified through Fred Chaffin (530) 225-3121, Traci Walker (530) 225-3400 or Carla Shuman (530) 225-3400 . We will also place a dumpster and 2 porta-potties at the parking area for complete sanitation coverage of every area included in the event.

County Agency Approval:

The parking plan described above, or attached hereto, is approved for the event as described in this application.

REBECCA HERRIN
Plumas County Planning Department

Rebecca K. Herrin 2/24/17
Signature / Date

g) Traffic Control Plan Emissions

Describe the vehicle ingress and egress and off and on-site traffic control for the proposed event to the satisfaction of the Plumas County Department of Public Works.

Plumas County Department of Public Works

1834 E. Main Street
Quincy, CA 95971
(530) 283-6268

On Site Traffic Control:

?Prior To Event Opening-

-Belden staff will acquire & post the necessary "special event" signs all along the road, (etc) informing attendees & passing traffic to slow down for the event entrance area allowing people to turn onto the bridge from Highway 70 safely and easily.

-Event staff will mark off & set up our parking processing area with traffic blockades, lanes & safety cones. This well organized area has proven to be extremely effective at controlling all the traffic coming in & out of the area, even at the busiest of times. There are multiple back up options for regulating the flow of traffic through it.

-Lighting & staff will be set up in the offsite parking area known as 'Jack's Place'. We will also place a dumpster and 2 portable restrooms at the overflow parking area for complete coverage of the area.

?Upon Patron Arrival Or During Event-

-We do not allow any vehicles to stop for check in, or any other reason at all, until they are completely off of the road and in the upper parking lot area of the Belden property. For complete traffic control and for overall public safety.

-We will have staff and security helping to control the traffic diligently, especially at the busiest times of the event & during the most congested road traffic times.

-We have created an extremely efficient process to remove all incoming traffic from the roads as quick as possible. This well organized 'pull-in' gate process allows for multiple vehicles to be pulled off of the roads and to be processed through quickly & efficiently. We work hard to keep vehicles off the roads and not to allow traffic congestion in any form.

-No vehicles will be allowed to stop on the roads for any reason. Staff members inform them when to proceed.

-We don't allow anyone to leave their car to find camping, etc. along the road. All cars are kept in the upper area & then taken to the offsite lot.

-If a car is left unattended that needs to be moved we check our list for contact info. If that is not possible we locate the driver by bullhorn until it is moved.

-Absolutely all other vehicles will be parked offsite at the nearby local 'Jack's Place' parking area located just East of the Belden property.

-The overflow parking area will be staffed with at least one parking attendant at all times.

-We will provide large ample lighting for this area as well as power for parking staff, attendants etc.

-Then patrons will be shuttled to the festival site by a professional licensed shuttle service.

?More detail in regard to onsite vehicle traffic:

The main road will be very limited and kept to a necessary need only basis. We park or move the vehicles through quickly and keep the main road clear for the duration of the event. Belden staff will also help to stay on top of these areas as strictly as possible. If any situations arise there is a nearby (or onsite) tow truck that will move the vehicles extremely quick so as not to have any issues caused by vehicles or traffic. First we will try to let them know we need the vehicle to be moved by talking to them or leaving a request at the vehicle. If not moved accordingly, we locate the driver by bullhorn until it is moved. If still not located we will tow the vehicle to a proper area. We have never had to tow a vehicle so far in the 3 years at Belden. All issues have been easily resolved. But we reserve this action in case it is needed or for an emergency.

County Agency Approval:

The traffic control plan as described above, or attached hereto, is approved for the event as described in this application.

Site Address: 14785 Belden Town Rd, Belden, CA 95915

APN: _____

Construction/ Event Dates: Start: May 19

Finish: May 21

Description of Work or Event:

~~We will be placing 'Special Event' signs along Highway 70 from post mile 13.4 to post mile 15.1.~~

~~Then we will be placing 'No Parking' signs every 100 feet from the Belden Town bridge and then in both directions to the East and to the West along Highway 70.~~

~~There will not be any stopping allowed or planned along the highway or the bridge into town.~~

An **ENCROACHMENT PERMIT** is hereby granted to the undersigned **PERMITTEE** for the placement of a encroachment within a County highway as described above providing the following conditions are satisfied:

1. **PERMITTEE** agrees to move or remove this improvement at their expense if required by future improvements within the county right-of-way, and to provide all future maintenance for any and all improvements constructed under this Permit. **PERMITTEE** guarantees all work accomplished under this Permit for a period of one year from the date of final inspection.

2. **PERMITTEE** agrees to provide construction signs and flaggers, barricades and flashers as required, and to notify the Department of Public Works for inspection of same prior to beginning of construction. No lanes will be closed or detours established without the consent of the Department of Public Works.

3. Utility trenches shall be constructed to Plumas County Standard Plans. No open trenches will be allowed after sunset or over weekends or holidays. Temporary steel plates may be allowed with approved ramps, signage and flashing lights/barricades.

4. Utility poles shall be placed a minimum of 10' from the edge of pavement, unless an exception is granted. All pole and anchor locations shall be field-reviewed by Plumas County prior to construction.

5. **PERMITTEE** shall notify the Department of Public Works no less than 24 hours prior to beginning work if starting date is different than shown above. Call your district foreman (see attachment) no less than 24 hours in advance for inspection. If no answer, call (530) 283-6268 or stop by Public Works at 1834 East Main Street in Quincy.

6. Permit applications for public events, races or tours shall be accompanied by letters of notification from both the Plumas County Sheriff's Office and the California Highway Patrol (obtained by *PERMITTEE*). No traffic control or lane closures will be permitted without prior approval. A Certificate of Insurance for not less than \$1 million dollars, naming Plumas County as co-insured shall also accompany the application, along with a map showing the route or location of the public event, race or tour. No objects or liquids may be thrown or discharged onto or from the County right-of-way during a permitted public event.

7. **LIABILITIES FOR DAMAGES:** The *PERMITTEE* is responsible for all liability for personal injury or property damage which may occur through work herein permitted, and in the event any claim is made against the County of Plumas or any department, officer or employee thereof, through, by reason of, or in connection with such work or activity, *PERMITTEE* shall defend, indemnify and hold them and each of them harmless from such claim.

8. Unless a determination is made for a "no-fee" permit (i.e. public utility-sponsored projects or public events), *PERMITTEE* agrees to pay a fee for administration and inspection of this Permit, and provide a Performance Bond (if required), which will be fully refunded upon satisfactory completion of the work. The *PERMITTEE* understands and agrees that, if the work is not completed to the satisfaction of the County, the Performance Bond shall be forfeited and the Permit shall be voided. Any unsatisfactory work within County right-of-way may be removed at the County's discretion and the charges therefor billed to the *PERMITTEE*. Administrative fees are not refundable, even if no work takes place. The *PERMITTEE* also understands and agrees that, should additional inspections be necessary due to non-compliance with the terms of this Permit or because of variance from Plumas County Standards or contract plans, the *PERMITTEE* shall be billed for such additional inspection time at the County inspector's reimbursable rate, including travel time. Permits that expire prior to the completion of work may be extended for additional 1 year period(s) by written request. Extensions will not be given beyond 5 years of the first date of expiration of the permit. *Bonds may be returned, but fees for permits that expire or are cancelled shall be forfeited to the County of Plumas.*

9. Fee: \$ _____ Performance Bond: \$ _____ Hourly Inspection Rate: \$ _____

Bond Refund to: _____

10. **CALL BEFORE YOU DIG!** You must mark out your work area in white paint and include the letters "USA", and call USA North at 1 (800) 227-2600 at least 48 hours prior to beginning any excavation.

11. This Permit shall become null and void after _____ This Permit extended to: _____

IMPORTANT NOTE: *PERMITTEE* is responsible for all clean-up and storm water & erosion control that may be required in connection with the work done under this permit.

This Permit shall not be effective for any purpose unless and until the above-named *PERMITTEE* agrees to these conditions. This Permit is revocable at any time if the above conditions are not met.

The *PERMITTEE* has read and understands the requirements of this Permit.

Inspection Notes:

i) Transient Occupancy Taxes Emissions

If it is proposed or expected that spectators or participants will remain overnight, include provisions for the collection of transient occupancy taxes in accordance with Chapter 4 of Title 3 of the Plumas County Code to the satisfaction of the Plumas County Tax Collector.

Plumas County Tax Collector

520 Main Street, Room 203
Quincy, CA 95971
(530) 283-6260

For the 'Transient Occupancy Tax': The Transient Occupancy Tax for camping is included in the ticket price. Our event pays these taxes to Belden beforehand in its venue fees to us. We then pass along the cost of campground directly to the patrons, with no markup. Belden will handle the delivery of taxes for the campground to the County Tax Collector.

We will handle the TOT taxes on any hotel rooms or cabins that we choose to rent out ourselves. And then pay them to the county tax collector prior to the event within the required time period. *Please reference county TOT form filled out by event producers for detail.

County Agency Approval:

The provisions for collecting transient occupancy taxes as described above, or attached hereto, are approved for the event as described in this application.

SUPPLEMENTAL OUTDOOR FESTIVAL PERMIT APPLICATION

Describe below, or on an attached sheet, an explanation of the proposed event including plans describing the following information. Include the signature of the approving County authority as required. Programs and plans must be consistent with preliminary application.

Name of Festival Priceless

Dates of Actual Event: 6/30/2017 - 7/3/2017

a) Commercial Liability Insurance

Describe the commercial liability insurance coverage for the proposed event and provide proof of said coverage to the satisfaction of the Plumas County Risk Manager.

Plumas County Risk Manager: 520 Main Street, Room 205
Quincy, CA 95971
(530) 283-8041

Please see attached our Certificates of Liability showing our general commercial liability insurance coverage for Priceless.

County Agency Approval:

The commercial liability insurance coverage described above, or attached hereto, is approved for the event as described in this application.

Roberta M. Allen
Plumas County Risk Manager

M B Christian

Name of Festival Priceless

Dates of Actual Event: 6/30/2017 - 7/3/2017

b) Police Protection and Security

Describe the Police Protection and Security Plan for the proposed event to the satisfaction of the Plumas County Sheriff. Include a plan for the control and prevention of drug consumption and underage alcohol consumption.

Plumas County Sheriff: 1400 East Main Street
Quincy, CA 95971
(530) 283-6375

Please see attached page for complete description of our Police Protection and Security Plan

County Agency Approval:

The Police Protection and Security Plans described above, or attached hereto, are approved for the event as described in this application.

Plumas County Sheriff Under Service

 7/14/17
Signature / Date

POLICE PROTECTION AND SECURITY

Priceless will have 24-hour security coverage, provided by Belden's security team and High Rock Security, an experienced security firm, PPO # 17462. All security personnel will be well marked, and will have radios for quick response to any incidents during the festival. High Rock Security personnel all have current Guard Cards (i.e. Security Card Licenses from the California Bureau of Security and Investigative Services). At least one patrol (a two-person team) will be on duty at all times, and at least one other patrol will be on call in case of emergencies. In the evening hours, we will run several patrols and continue to have another patrol on call in case something critical occurs.

We will not serve or sell any alcohol at Priceless. Belden's bar is open throughout the weekend, but we do not advertise its presence nor actively encourage it as a source of alcohol. In our first year of operation we learned that encouraging daytime drinking - in particular - leads to less participation by attendees during evening programming, so we've since had a policy of not supporting alcohol distribution. While some of our attendees bring alcohol to the event, they are not, as a rule, heavy drinkers, and we have had very few incidents of alcohol-related medical calls during our tenure.

We also have very few, if any, attendees between the ages of 14 and 21, so we have not in the past been aware of any occurrence of underage drinking. The only alcohol distributed during our event is done by the qualified bartenders at Belden Lodge.

We do not condone illegal drug use at Priceless, and all of our staff will be vigilant and look for signs of illegal substance dealing, drug paraphernalia sales, issues arising out of illegal substance use, or underage drinking. If any such issues arise, staff will notify security and/or medical staff, as appropriate, who will remove those involved in the sale, distribution and/or use of illicit drugs from the festival.

Priceless staffs a team devoted to parking, which will coordinate the parking on property in accordance with Plumas County, Belden, and U.S. Forest Service rules and regulations. Priceless sells 40 parking passes for parking in Belden Town. The rest of the vehicles are parked at the off-site property 11 miles away known as Jack's Place, and attendees will be shuttled over from that remote lot. We are applying for Highway Easement / Road Encroachment permits through Caltrans and Plumas County which will allow us to post signage along the Highway, directing attendees to the off-site lot dedicated to attendee parking. This permit application can be confirmed through Carla Shuman (530-225-3121).

We also post signage and monitor the nearest rest stop parking area on Highway 70 opposite Belden Town to ensure that attendees do not use the area for event parking. We also communicate to our attendees before the event that this rest stop is not for event use.

Name of Festival Priceless

Dates of Actual Event: 6/30/2017 - 7/3/2017

c) Emergency Preparedness Plans

Describe the Fire Protection, Evacuation Plan, and Wildfire Protection Plan for the proposed event to the satisfaction of the Plumas County Office of Emergency Services.

Plumas County Office of Emergency Services:

270 County Hospital Rd. Ste. 127
Quincy, CA 95971
(530) 283-6332

Please see attached pages for details regarding our plans for Fire Protection, Evacuation, and Wildfire Protection.

County Agency Approval:

The Emergency Preparedness Plans described above, or attached hereto, are approved for the event as described in this application.

Director, Plumas County OES

2/14/2017
Signature / Date

Emergency Preparedness Plans

Incidents requiring emergency response will be facilitated by the Priceless Safety Team staff. All Safety Team members will be easily identifiable, and at least one will be available 24 hours a day via radio. Any incidents that require escalation and the support of local/county emergency services will be facilitated through the Priceless Safety Team.

Priceless Safety Team

The Priceless Safety Team is comprised of the following entities, with the following capabilities:

1. Priceless Event Lead

- a. The highest-ranked individual person onsite representing False Profit, Inc. They are responsible for coordinating with all Safety and Entertainment departments to ensure the smooth flow of the event.
- b. Event Leads will be active from 12pm on Friday June 30th until 3pm Monday July 3rd. Their shifts are 6 hours long.
- c. They can be reached on Radio using the callsign 'Event Lead.'

2. Mutual Aid Response, Inc.

- d. Priceless contracts with Mutual Aid Response Services, Inc. (MARS) to provide on-site basic life support and first aid services. In the event an injury or illness requires that a participant be transported off-site to a hospital, they will coordinate with Priceless staff and emergency services to facilitate safe and expedient evacuation from the site.
- e. MARS coverage begins at 12pm on June 30th, and ends at 2pm on July 3rd. A 6 person medical staff will work 6-hour shifts, providing 24-hour coverage. The first aid station will be located at the main entrance, and medical personnel will sleep in Cabin 3. A list of supplies and resources is available on request. Medical personnel can be reached on Radio using the callsign 'Medic.'

2. High Rock Security

- a. Priceless contracts with High Rock Security to provide public safety services during the event. This includes but is not limited to conflict mediation, wristband checking, interfacing with non-Priceless visitors, and coordinating with appropriate entities and agencies to ensure public safety.
- b. High Rock coverage begins at 2pm on June 30th and ends at 2pm, July 3rd. They will have 6 personnel working 8-hour shifts.
- c. High Rock staff can be reached on Radio, using the callsign 'High Rock.'

3. Belden Town Security

- a. Belden Town has its own security personnel to support Priceless Staff to provide public safety services during the event, particularly in cases that involve non ticket holding attendees, non-Priceless visitors to Belden Town, and in cases where Priceless staff rely on Belden infrastructure and policy. For example, an Emergency Evacuation.
- b. Coverage begins 10am on Friday June 30th and ends at 6pm on Monday July 3rd.

- c. Belden staff can be reached on Radio, through the Event Lead on shift as needed.
- 4. Door Operations (support role)
 - a. Due to Belden Town's unique access/egress characteristic, Priceless' Door Operations will be involved in the event of an emergency. They will coordinate with the appropriate Priceless, Belden Town, and other authorities to ensure traffic flow into and out of Belden is conducted in a safe manner.
 - b. Door Operations begin on 12p on Friday, June 30th and officially end at 2pm Monday July 3rd. There will always be at least 2 people staffing the Door.
 - c. Door staff can be reached on Radio, using the callsign 'Door.'
- 5. Shuttle Operations (support role)
 - a. Because most of the participants' vehicles will be off-site (see Parking Plan), the shuttles will assist in evacuations in the event that evacuations take place while the Shuttle is in service.
 - b. During normal event services, the shuttle service will run from 11am Friday June 30th to 2pm Monday July 3rd and will consist of 2 buses making trips between Belden Town and the Lots approximately every 30 minutes. Each shuttle carries approximately 50 people.
 - c. Due to the distances between Belden Town and the Parking Lots, drivers will be out of radio contact for most of their route but will be accessible via cell phone.

EVACUATION PLAN:

To prepare for emergency evacuations, roadways in Belden are kept clear and fire lanes clearly marked. Cars are parked facing the direction of evacuation, per Federal and County regulation. Enough cars are kept on site to be able to implement the evacuation plan. Belden staff are in charge of the evacuation procedure and our staff will assist them as necessary to complete evacuation.

The Priceless evacuation plan is indicated on the attached maps. Attendees will be notified of the evacuation plan by email prior to the event and via printed materials provided at arrival, including program and map.

Once staff is notified of an evacuation requirement from CalFire, the CHP, the Sheriff's Office, or Plumas County, the security team and event leads will assemble with Belden staff to review plans and assignments.

No breakdown of camps or of event infrastructure will occur at the time of evacuation; only living beings will be evacuated. Priceless Event Leads, Parking, and Door staff will oversee vehicle traffic.

If evacuation becomes necessary, a 3 pulse temporal pattern in 4 second cycles will sound, and the security team will move through the campground area with megaphones, informing

participants of the call for evacuation, direct them to collect Identification and any life sustaining prescription medications, and to immediately do the following, as applies to them:

1. "On site Vehicles": Attendees who have vehicles parked in Belden will be directed to get in their vehicles and proceed to the Belden RV parking lot.
2. "Off site Vehicles": Participants with vehicles in the off-site lots will be instructed to get their keys, report to the RV parking lot and prepare to assist in evacuating other participants off-site.
3. "Carpoolers": Participants who do not have vehicles onsite or in the off site lots will be instructed to assemble at the front of the lodge and will then be directed by Priceless event staff to follow the paved road out of town and across the bridge. Participants will then be directed across Highway 70 while traffic is managed by High Rock, Belden, and event staff. Participants will be directed by Priceless staff to gather at the rest stop north of Belden on the north side of Highway 70, where they will await pickup.

Once in the RV parking lot, "Onsite Cars" will fill their remaining seats* with drivers of off site vehicles and drive them to the offsite parking lot so that they in turn can retrieve their vehicles and assist in the evacuation. This process will iterate as required, using our shuttle if the Emergency takes place while the shuttle is on site.

* To ensure safety, only seats with appropriate seatbelts will be filled.

** Only drivers will be ferried to the offsite parking lot, in order to maximize the number of cars returning to Belden to assist in evacuation.

All vehicles returning to Belden from the offsite parking lot will load passengers at the rest stop north of Belden on the north side of Highway 70 and proceed southwest along the evacuation route as specified by CalFire/CHP/Sheriff/Plumas County.

Note: Belden staff has indicated that because emergency vehicles come from Quincy, evacuation is expected to be directed onto CA 70 West.

Priceless event leads and security will conduct additional ongoing sweeps through all campground areas to verify evacuation - there will be a minimum of 4 coordinated comprehensive sweeps to confirm that attendees are evacuating. Staff, not including event leads, will evacuate with participants. Once staff and participant evacuation is complete, a 'last call' alarm signal in a 3 pulse pattern will sound and security and event leads will evacuate.

FIRE PREVENTION AND SUPPRESSION:

COMMUNITY AWARENESS

We clearly communicate to all of our attendees that no campfires, fire art, fire activities, or open flames are allowed at the event, and that all propane/camping stoves require a fire permit in accordance with USDA Forest Service regulations. Burn bans and fire conditions at the time of the event are also communicated to all attendees before the event begins. We additionally post fire prevention signs in campsites.

Our security team conducts routine walking patrols throughout the town and campgrounds and remains vigilant for any fire activity. In addition, all participants are made aware of the danger of any fire, and instructed to report any smoke, fire, or dangerous circumstances to the security team or Priceless staff. Belden Town staff will notify the Fire department, and associated First Responders necessary of a fire by phone.

WATER SOURCES

In addition, in the event of fire, Belden has two dedicated fire hydrants, as well as one additional water source with hose-hook-up capability for use in fire-fighting that we have been informed is able to produce the output of 2 hydrants. Locations of these water sources are indicated in the attached map. Additionally, there are numerous spigot and residential hose hook-ups throughout Belden.

WATER HOSES

Belden possesses the following hoses and appropriate reducers for said hoses:

- 10 x 1.5 inch (100 feet each)
- 8 x 1 inch (100 feet each)
- 3 x 2 inch (50 feet each)
- 2 x 3.5 inch (100 feet each)

Campfires and camp stoves. Communal Barbeque grills are provided for the use of attendees. They are not moved to any personal campsites or campgrounds and remain in one location during the entirety of the event. These BBQ/propane grills will be on Belden property on a graveled surface with a hose within the immediate area for use in emergency. Our security team and staff are aware of and will actively enforce these restrictions. We will once again both: (a) direct people pre-event to a location online where they can find permits for camp stoves; and (b) have these permits available at our main entry station for attendees to obtain and fill out.

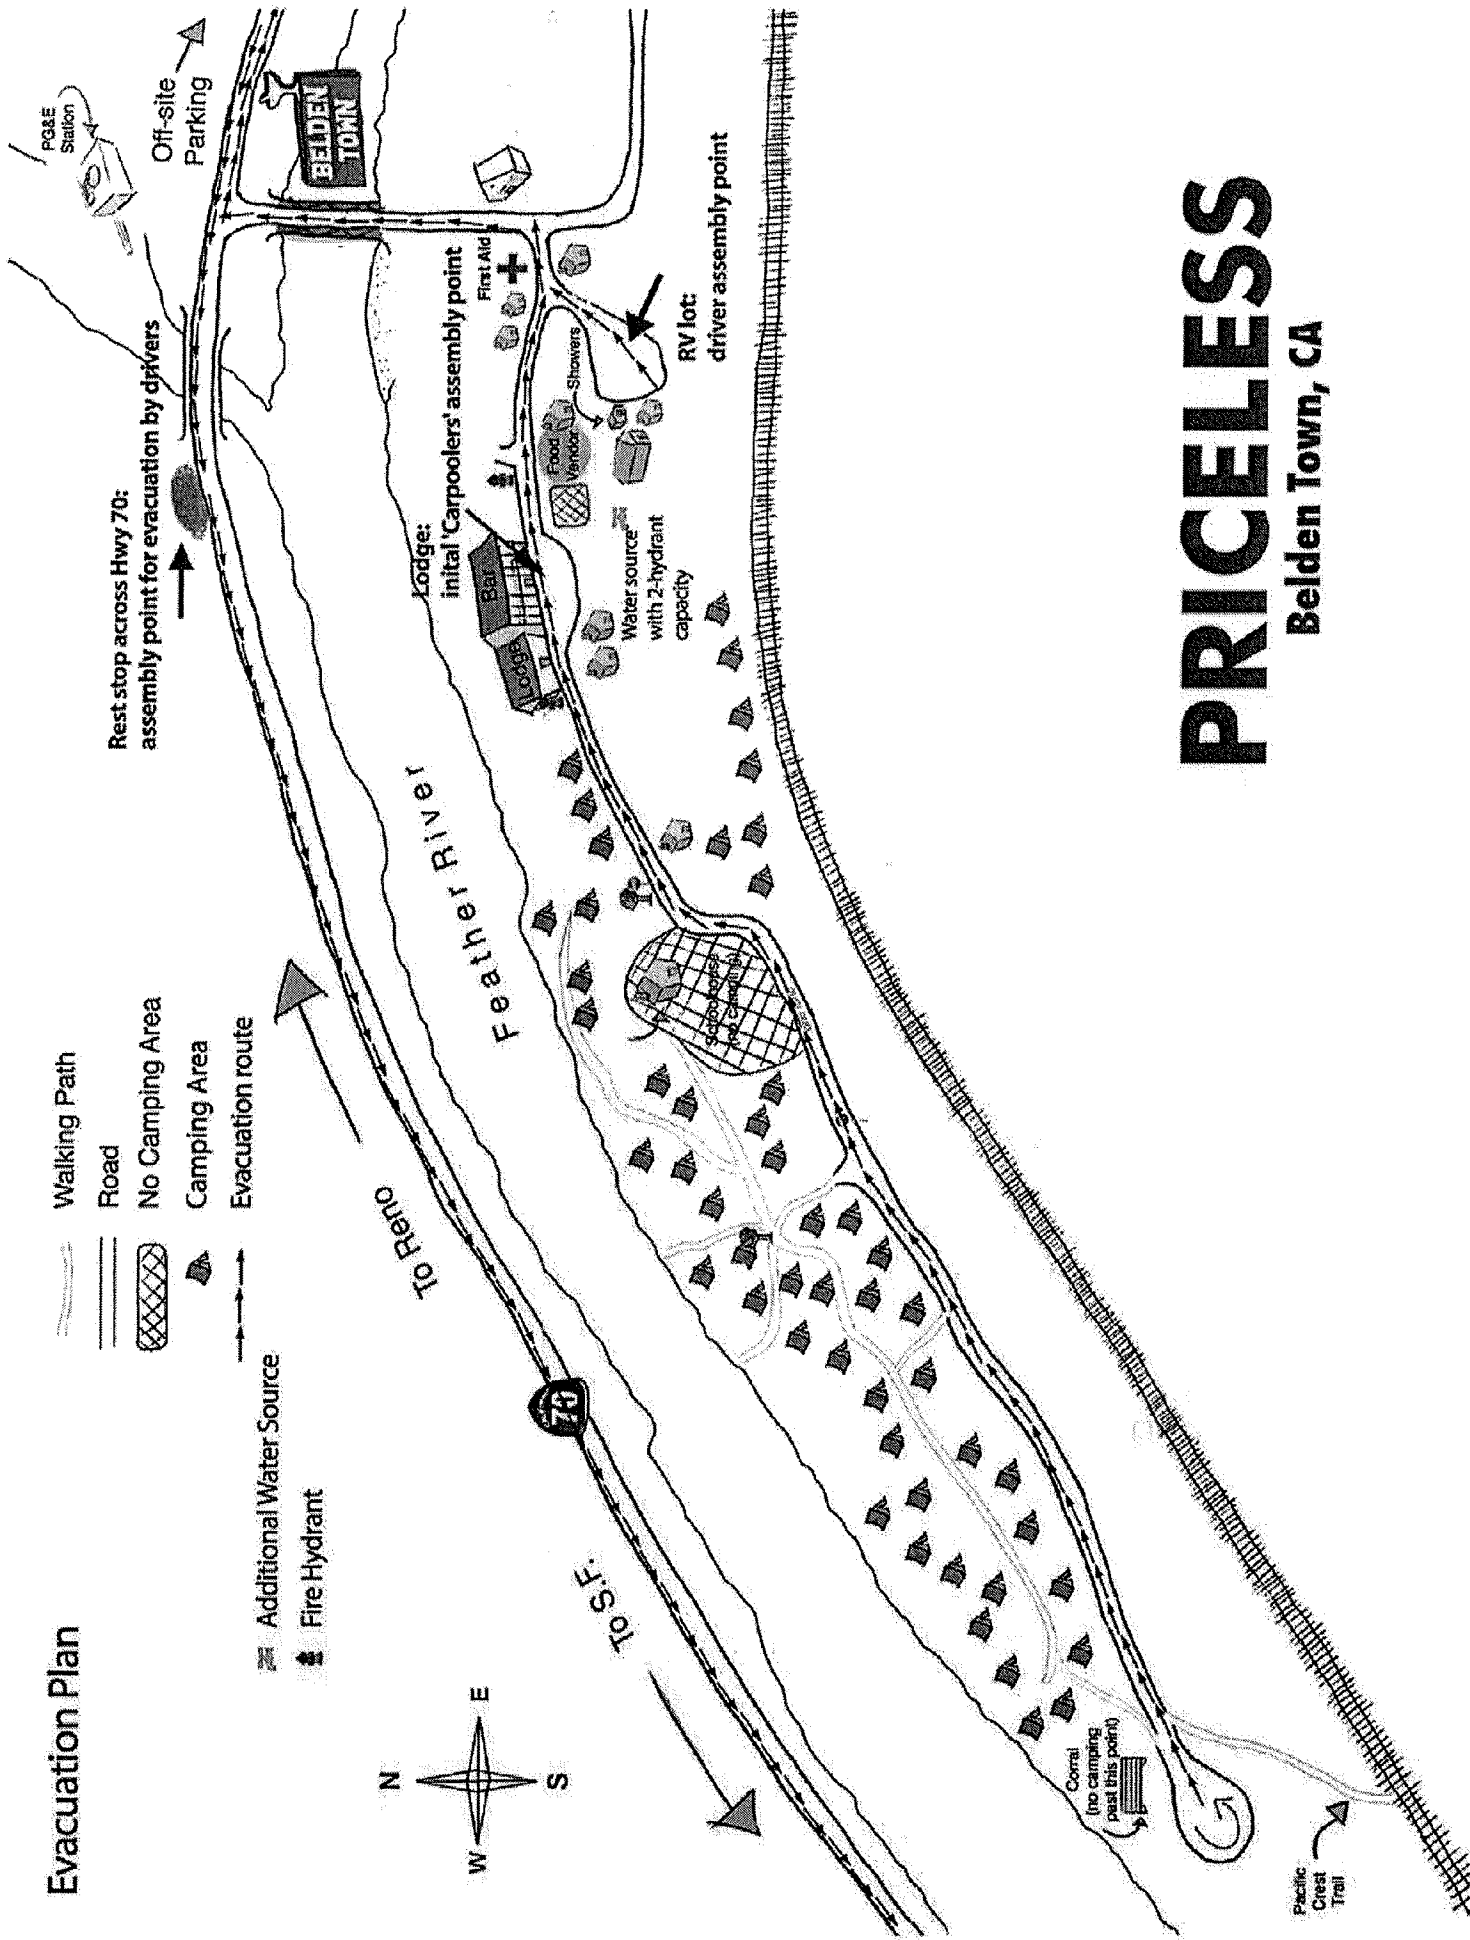

Fireworks, generators, and portable equipment. The use of fireworks and portable equipment such as welding, cutting, or chainsaws is not permitted at Priceless. These restrictions will also be clearly communicated to attendees. In addition, if generators are used as part of an art project or as an emergency power supply, Priceless security and staff will ensure compliance with Cal. PRC § 4442, for example by ensuring that generators are only operated on land that is not forest-covered, brush-covered, or grass-covered.

Smoking. Programming and planned activities at Priceless are held largely on pavement or in areas without vegetation. Smokers will be encouraged by security to use such areas for

smoking. Security is trained to identify unsafe smoking practices and intervene to encourage smokers to use only safe areas. In past years, consistent with our leave-no-trace philosophy, we have provided lidded ashtrays for smokers to use to safely dispose of cigarette waste.

Parking in dry grass. Our designated parking areas either (a) are cut to ensure that there will be no car body or engine contact with plant life or dried plant matter or (b) do not contain live or dry plant matter. Designated parking areas are also watered down before the event to minimize the possibility of sudden combustion/spark ignition.

d) Water Supply and Sanitation Facilities, Food Provisions, and Solid Waste Clean-up & Recycling Plans

Describe water supply and sanitation facility plans, provisions for food handling and the solid waste clean-up and recycling plans for the proposed event to the satisfaction of the Plumas County Department of Environmental Health.

Plumas County Department of Environmental Health

270 County Hospital Rd. Ste. 127
Quincy, CA 95971
(530) 283-6355

Please see attached page for complete description of plans for Food Provisions, Sanitation Facilities, Water Supply, and Solid Waste clean up.

County Agency Approval:

The plans described above, or attached hereto, are approved for the event as described in this application.

Plumas County Environmental Health

2/17/17

Signature / Date

Water Supply and Sanitation Facilities, Food Provisions, and Solid Waste Clean-up & Recycling Plan

FOOD PROVISIONS

The Belden Town restaurant will be open for food service from 7am until 10 pm each day. Snacks and beverages can also be obtained at Belden's store, which is kept fully stocked during Priceless. Priceless also employs a food vendor that will provide the bulk of the Festival attendees' food needs. At least 30 days prior to the event Priceless will submit an Event Coordinator application to Environmental Health which will include the names and contact information for any temporary or mobile food vendors. We expect and require the vendors to comply with all state and county health department requirements, including submitting a Temporary Food/Mobile Food Facility application at least 30 days prior to the event.

Priceless may serve snacks to attendees as part of our activities. We will apply for a temporary food facility permit and follow regulations as outlined by the Plumas County Environmental Health, and apply for the relevant permits from the Department of Environmental Health. If Priceless serves pre-packaged snacks, they will be served under a canopy. If we prepare food on site for the general public, it will be prepared in a fully enclosed canopy with hand washing and dishwashing stations (temporary food facility). We may provide facilities, such as a grill, for attendees to cook for themselves only. We may use the on-site cabins to prepare food for staff, volunteers, and artists but will not use cabins to prepare food for the general public.

WATER SUPPLY

Belden has two water sources and holds a current permit for these water sources, so we will be relying primarily on the Belden system for our water supply. These water sources include one easy-to-access water fountain spigot in a central location. A Belden also sells bottled water in their store. We continually communicate to everyone to stay healthy and hydrated, including in pre-event emails and as part of our entry communication to new arrivals.

SEWAGE DISPOSAL

1200 We will be using Ben Toilet Rentals, based in Gridley, for portable toilets. For the expected 1325 total, Ben's Toilets will provide 51 porta-potties and 6 wash stations. This equipment will be cleaned daily--once on Friday, once on Saturday, and once on Sunday, as recommended by Ben Toilets and Plumas County in past years. In addition, Belden provides men's and women's bathrooms in the lodge, men's and women's bathrooms in their shower area, and ten bathrooms in their cabins. Two of the portable toilets will be stationed at the off-site parking area. Ben's Toilets is required to and expects to have a current permit - to - operate with Plumas County at the time of the event.

SOLID WASTE-RECYCLING

Priceless is a leave-no-trace event, and we communicate to our attendees that they are responsible for packing out their own trash. Compliance with this policy is fairly high, since our attendees are used to practicing leave-no-trace ethics at other community events. Priceless also provides seven waste collection stations, placed in common areas as noted on the attached map. Each station has three containers: (1) landfill, (2) cans & bottles recycling, (3) compost/food scraps. Event staff will service each of these stations a minimum of six times per day. Campers in camping areas will be informed that they are responsible for collecting waste in their own area, although event staff will also ensure these areas are left clean after the event. The number, location and servicing of solid waste bins or containers will be adequate to prevent odors, leakage, overflow or flies. A bin of adequate size will also be located at the offsite parking area.

Compostable material will be collected in special compostable green bags and transported in a truck by event staff to Recology San Francisco for processing. Recyclables will be collected in blue bags and taken to a recycling center in a different truck, either by a local Plumas County resident to a local recycling facility or by False Profit's staff to San Francisco Recology transfer station. All other solid waste will be collected in clear bags and placed in a 15-yard container located to the east of the event entrance. This container, provided by Feather River Disposal (Waste Management Inc), will be delivered prior to the start of the event and hauled away after the end of the event. This 15 yard container has consistently met our solid waste needs over the years, and based on our experience, we fully expect it to be adequate this year as well. The on-site recycling operation will be conducted in a manner to prevent leakage, odors and access by rodents or other animals. Recycling should be completed within 48 hours of the end of the festival. Any unsorted solid waste after that time will be placed in the bins provided by Feather River Disposal for disposal.

e) Medical Facilities & Services

Describe the medical facilities and services, including access for ambulances and paramedics or emergency medical technicians for the proposed event to the satisfaction of the Plumas County Health Officer.

Plumas County Public Health Agency

270 County Hospital Rd. Ste. 206
Quincy, CA 95971
(530) 283-6330

Please see attached page for complete description of our Medical Facilities and Services Plan

County Agency Approval:

The Medical Facilities and Services Plans described above, or attached hereto, are approved for the event as described in this application.

Mark Satterfield, M.D.
Plumas County Health Officer

 7/24/17
Signature / Date

Priceless will have medical support available on-site, provided by Mutual Aid Response Services Inc. (MARS Medical, <http://www.mars911.info/>). For all medical issues other than critical injuries or rescue situations, we have sufficient resources to either treat injuries on site or provide transportation to local medical centers.

Members of the Public Health Department have been extraordinarily generous with their time in discussing medical support needs with us and our professional on-site medical staffing personnel. In cooperation with the Public Health Department we have developed the emergency medical support plan that appears below. Based on our event's history, size, and type, we believe that this plan will permit us to address on-site any medical issues that are likely to arise. In nine years producing Priceless we have only required ambulance evacuation twice. Both of these cases occurred before we secured our current professional on-site medical and security staffing. Our medical staffing and plan includes:

- We will provide at least two California-licensed EMS providers, one with EMT-B certification or higher and one with EMT-P certification or higher. Both will be available and stationed at a dedicated First Aid Station clearly marked and accessible to attendees.
- An automated external defibrillator (AED) and certified CPR staff will be available at all times.
- These medics will evaluate and treat any injury or illness brought to the attention of the Priceless staff.
- On-site medics will perform assessment to determine appropriate treatment, and whether treatment should be on-site or at a local medical center. If treatment at a medical center is required or advised, the medics will make recommendations regarding the appropriate mode of transportation.
- Medics will administer BLS (basic life support) care, including treatment of cuts, scrapes, sprains, and other injuries, which do not require escalated diagnostics or specialist consultation.
- Basic resuscitation equipment and medications as well as other basic equipment and supplies, all provided by MARS Medical, will be available for the medics' use. This will include a blood pressure cuff, basic splinting and bandaging supplies, and immobilization devices.
- In addition to an AED, medical personnel also have available basic resuscitation equipment and medications to include an adult BVM (bag-valve-mask) device, oxygen and nasal cannula, epinephrine for IM use (EpiPen), naloxone for IM/IN use (available OTC), and basic BLS airway, splinting, and immobilization devices.
- A vehicle will be kept ready to transport the medics to the patient if necessary.
- A vehicle and driver will also be kept ready to transport an injured or ill participant or staff member to a local medical facility if that participant does not have a vehicle available and the medical event does not warrant an ambulance call.
- All Priceless, Belden, High Rock, and MARS staff on duty are on the same radio network 24 hours a day throughout the duration of the event, remaining in constant

communication. Priceless staff and medical staff on duty will have at least two fully functional cellular devices on hand to use in the event that an emergency warrants a call for off-site services. Belden Lodge has a landline that is available for our use in the event that on-site cellular communications are unavailable due to reasons beyond our control.

- Our medical services provider, MARS Medical, will complete ICS Forms 201, 202, 205, and 206, and these documents will be available to county agencies, venue staff, event personnel, and medical personnel. They will be completed at least two weeks prior to the event.

Additional measures related to emergency services and safety include:

- Priceless will have additional individuals with medical certification (including at least four staff members with CPR, AED, and/or wilderness first aid certification) on site, working on our security or production teams.
- We will have tight integration between event leads, High Rock Security, MARS Medical, and Belden staff to provide seamless and consistent monitoring and emergency response capabilities. Both Belden staff and High Rock Security staff are trained to handle emergency situations, and will be prepared and equipped to do so in the event of an emergency at Priceless. Our event staff will be clearly identifiable and carry radios in the event of emergency. One patrol (a two-person team) is on duty at all times, and at least one other patrol is on call in case of all types of emergencies, including medical. In the evening hours, we run several patrols and continue to have a patrol on call in case something critical occurs.
- Over nine years, with input from numerous agencies, we have honed an efficient traffic and parking management system that leaves only as many cars on-site as needed to accomplish an evacuation, and that provides clearance for emergency vehicles (see the section entitled *Evacuation Plan* in this permit application).
- Neither Priceless staff nor any vendors hired by Priceless sell or distribute alcohol to attendees. (Belden Resort does sell alcohol at their licensed bar, which is typically open from around 10am until sometime between 10pm and 1am each day.)
- Our email communications to ticket-holders will include language regarding river safety, including a warning that we do not provide lifeguards, and we will post "Swim At Your Own Risk" signage on the Belden beach.
- While we will not have certified lifeguards on duty, we will schedule dedicated beach lookouts who remain vigilant during periods of high river usage.
- We will clearly communicate to all of our attendees that no campfires, fire art, fire activities, or open flames are allowed at the event, and that all propane/camping stoves require a fire permit in accordance with USDA Forest Service regulations. We will additionally post fire prevention signs in campsites. For additional fire safety measures, see the *Fire Protection and Emergency Preparedness* section of this permit application.
- While Priceless staff, MARS Medical, and High Rock Security will be focused on the safety of Priceless event participants, it is our expectation that Belden's staff will have sole

responsibility for the safety of bystanders, specifically for any non-ticketholder Belden Resort (bar, restaurant, and store) patrons, including local passersby and any hikers from the nearby Pacific Crest Trail.

Dates of Actual Event: 6/30/2017 - 7/3/2017

f) Parking plan

Describe the parking plan for the proposed event to the satisfaction of the Plumas County Planning Department.

Plumas County Planning Department

555 Main Street
Quincy, CA 95971
(530) 283-7011

Priceless staffs a team devoted to Parking, which will coordinate parking on property in accordance with County, Belden, and US Forest Service rules and regulations.

Priceless sells 40 parking passes for parking in Belden Town.

The rest of the vehicles will be parked at the offsite property 11 miles away known as Jack's Place, and attendees will be shuttled over from that remote lot. We have applications submitted for Highway Encroachment/Easement permits through Caltrans, which will allow us to post signage along Highway 70, directing attendees to this offsite lot dedicated to attendee parking. This Permit application can be confirmed through Carla Shuman (carla.shuman@dot.ca.gov). We will also have a dumpster and 2 porta potties at the offsite area to ensure proper sanitation.

County Agency Approval:

The parking plan described above, or attached hereto, is approved for the event as described in this application.

Traffic Control Plan

Describe the vehicle ingress and egress and off and on-site traffic control for the proposed event to the satisfaction of the Plumas County Department of Public Works.

Plumas County Department of Public Works
1834 E. Main Street
Quincy, CA 95971
(530) 283-6268

Access/On Site Traffic Control

Before Event Begins

- Belden will pick up the 'special event' signs so people know to slow down while people are turning onto the bridge from Highway 70.
- we use spray chalk to prep the area:
 - Draw arrows off the bridge and up to the RV lot to direct arrival traffic flow
 - Post "no parking" and "fire lane" markings on the high road near the main camping area
 - Create a border to mark the width of the fire lane we need along the entire road.

As People Arrive

- The first day/night we set up check-in in the RV lot. Attendees cross the bridge and drive into the RV lot in a loop around the perimeter, stopping to check in when they are faced with their noses pointing out back toward the bridge, ready to drive back out of the lot.
- They are then directed slowly out of the lot and through the town.
- First traffic stop person controls cars at the edge of the lodge to be sure there is clearance to drive.
- Second traffic stop person is at The Tree just before the road starts sloping upward at the Southwest end of town. This person controls incoming cars to ensure there is a place for the cars ahead to unload and the road is clear to drive.
- Monitors are stationed at unloading zones 1, 2, and 3 to communicate open unloading zones for incoming cars before sending cars into the unloading zones. The second traffic stop person allows cars past them only when the monitors indicate there is an open spot, so no one is waiting in the road up ahead.
- We don't allow anyone to leave their cars to find a camping spot. They are asked to unload and then immediately get back into their cars to drive to and park in the offsite lot.
- We don't allow any onsite parking along the road until the end of the second day (Friday), once we feel confident that the vast majority of our attendees have arrived and unloaded, to ensure that the maximum number of unloading zones are available.
- Drivers of cars left too long at the unloading zones are identified and then called out publicly via bullhorn. Searches for the drivers continue until they cars are relocated.

- The second day, the check-in gate is moved to the 'gas station' building at the end of the bridge to catch late arrivals. We additionally have support staff to help manage the traffic flow along the route at every point.

As People Leave

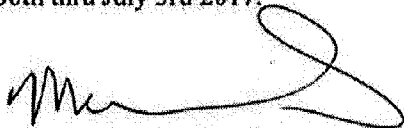

- We use the same traffic stop stations to manage flow along the road
- Car arrivals are staggered by the schedule of the shuttles. All the cars arrive in a row (from the drivers on the last shuttle) and we control their movements into and out of the loading zones before the next shuttle load arrives.
- Drivers of cars left too long at the loading zones are identified and then called out via megaphone. Searches for the drivers continue until they cars are relocated.

OTHER PARKING/TRAFFIC MANAGEMENT

- Cars left too long in non-parking spaces or without onsite parking passes are tagged using glass markers.
 - Note 1 is polite and requests that the car be moved quickly.
 - Note 2 is direct and demands the cars relocation.
 - Note 3 says that the car will be towed if not moved by X deadline
- In the past, we have not had to tow a car for traffic reasons; our only tows have been for mechanical breakdowns.

County Agency Approval:

The traffic control plan as described above is approved for the Priceless Festival scheduled for June 30th thru July 3rd 2017.

APPROVED:

DAVID MOORE, District Director, District 2

BY:

TW

DEENA MATAGULAY, District Permit Engineer, District 2

FEB/17/2017/FRI 10:01 AM

FAX No.

P. 002/002

Name: False Profit
Permit No.: 0217-6TK-0078
Date: February 17, 2017

GENERAL PROVISIONS: Permittee's attention is directed to the General Provisions of this permit with special attention to items 13, 14, 15, 28, and 32.

LIABILITY: In accordance with Streets and Highways Code, Section 682.5, subdivision (a), the California Department of Transportation (Caltrans) shall not be responsible for the conduct or operation of the permitted activity, and Permittee shall indemnify and hold harmless the State against any and all claims arising out of any activity for which the permit is issued.

COMPLIANCE WITH AMERICANS WITH DISABILITIES ACT: Permittee understands and agrees that it will comply with the obligations of Titles II and III of the Americans with Disabilities Act of 1990 in the conduct of the event, and further agrees to indemnify and save harmless the State of California, all officers and employees thereof, including but not limited to the Director of Transportation, from any claims or liability arising out of or by virtue of said act.

TERMS OF PERMIT: Any failure on the part of the permittee or participants to abide by the terms of this permit or the requests or instructions of the State's representative shall be just cause for immediate stoppage of the event and/or revocation of the permit.

PUBLIC SAFETY: Permittee shall provide for the safety of traffic and the public in conformance with Section 7-1.04, "Public Safety", of the Caltrans Standard Specifications and these provisions.

CONDITION OF STATE PROPERTY: The State's right of way shall be left in a clean manner, including the removal of all litter, to the satisfaction of the State's representative. No special event activities that may cause damage to State property shall be allowed.

TERMINATION OF EVENT: If rain, fog, or other elements should significantly affect safety for event participants or vehicular traffic, Caltrans may take whatever action is necessary to protect the public. Also, if for some unforeseen reason, the traffic demand for the State facility significantly exceeds the anticipated demand, it may be necessary to terminate the event.

OBEDIENCE TO TRAFFIC OFFICERS: All event participants shall comply with any lawful order, signal or direction given by any uniformed peace officer. Law enforcement personnel will take appropriate action to correct violations of these provisions.

TRAFFIC CONTROL:

TRAFFIC CONTROL: This permit authorizes no traffic control on state property.

TRAFFIC CONTROL DEVICES: Signs, cones and other traffic control devices shall meet Caltrans specifications for day and/or night use.

EQUIPMENT REMOVAL: All cones, barricades and other equipment shall be removed at the end of the event.

TRAFFIC CONTROL SYSTEMS: Traffic shall not be allowed to cause a backup on the highway. No lane closures are authorized under this permit. Only law enforcement personnel shall perform any traffic control that may be required.

SIGN SPECIFICATIONS:

SIGN PLACEMENT: Place two "Special Event Area" signs as directed by the State's Representative on State Route 70 in Plumas County. "Special Event Area" signs shall be placed on high-level temporary roadside sign stands as shown in the attached Special Event Sign Example. Place "No Parking" signs as needed and directed by the State's Representative on State Route 70 in Plumas County. "No Parking" signs shall be placed on a barricade and secured not to blow off. Signs shall be placed off the paved shoulder.

REMOVAL OF SIGNS: All signs shall be removed at the end of the event.

Name of Outdoor Festival: Priceless Dates of Event 6/30/17-7/3/17

h) Illumination Provisions

If it is proposed or expected that spectators or participants will remain overnight, include a description of the provisions for illuminating the premises to the satisfaction of the Plumas County Planning Department.

Plumas County Planning Department

555 Main Street
Quincy, CA 95971
(530) 283-7011

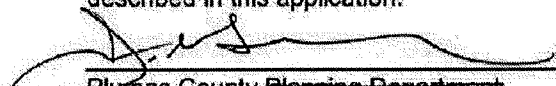

Belden has street lights that will light the main areas of our event. All stages will have lighting, and there will also be lighting in the surrounding areas from art installations. Main pathways to and from the main camping areas will have battery- or solar-operated lighting, as will the pathways within the main camping areas. The insides of all porta-potties will also be illuminated for ease of access by attendees. All of the lighting plans outlined above will be augmented by illuminated art and decor throughout Belden. Lighting, including stage lighting, will not illuminate off-site properties.

Battery-operated lighting and decor will be posted at 'Jack's Place' to identify its location to attendees and to facilitate safe and effective traffic flow. All traffic control team members will be illuminated.

Our event acquires a special use permit from the Mt. Hough Forest Service for the use of U.S. Forest Service lands around Belden by Festival attendees, for general use and overnight camping. This permit application can be confirmed by contacting U.S. Forest Service official Erika Brenzovich at 530-283-7620 or Elizabeth Sousa at 530-283-7622.

County Agency Approval:

The provisions for illumination as described above, or attached hereto, are approved for the event as described in this application.

h) Transient Occupancy Taxes

If it is proposed or expected that spectators or participants will remain overnight, include provisions for the collection of transient occupancy taxes in accordance with Chapter 4 of Title 3 of the Plumas County Code to the satisfaction of the Plumas County Tax Collector.

Plumas County Tax Collector

520 Main Street, Room 203
Quincy, CA 95971
(530) 283-6260

Transient Occupancy Taxes are included in the ticket price of the Festival. We pass the cost of campground, cabin access, and hotel lodge rooms directly to the attendees with net revenue received.

We understand that False Profit Inc is the "Operator" of this Festival and we are responsible for filing quarterly returns in a timely manner, and the collection and remittance of the Transient Occupancy Tax.

County Agency Approval:

The provisions for collecting transient occupancy taxes as described above, or attached hereto, are approved for the event as described in this application.

SHARON THRALL, DISTRICT 3
LORI SIMPSON, DISTRICT 4
JEFF ENGEL, DISTRICT 5

April 4, 2017

Honorable Janet Hilde
Presiding Judge
Plumas County Superior Court

Dear Judge Hilde,

The Plumas County Board of Supervisors has responded to the 2015-2016 Plumas County Grand Jury Report by a letter to you dated September 29, 2016.

The 2016-2017 Plumas County Grand Jury members were not satisfied with our responses in regards to timeframes for further study and implementation. Following a conversation with a few members of the Grand Jury, the Chair of the Board, Sherrie Thrall placed the matter on the agenda of December 13, 2016 for discussion in an open forum. A few members of the 2015-2016 and the 2016-2017 grand juries attended this public session. The Board with myself as Vice Chair sitting in for Board Chair Sherrie Thrall went through each finding and recommendation where we indicated in our initial response either 1) a need for further study, or 2) that it will be implemented at a future date. If the recommendation has already been implemented, we amended our response to so indicate. In some situations we changed our response to indicate the recommendation will not be further studied or implemented. Where we still intend to implement a recommendation, we often changed our response to state the recommendation will be implemented by the "end of the current fiscal year." The "end of the current fiscal year" is the same as stating "by June 30, 2017." We submitted an amended and supplemental response to the 2015-2016 Plumas County Grand Jury Final Report in a letter to you dated December 13, 2016, after that open session with the Grand Jury whose members at that time voiced no objections to our open dialogue about our amended responses at that December meeting.

On March 9th, Past Chair Supervisor Thrall and past Vice Chair myself were summoned to meet with a small committee of current Grand Jury members to again address the BOS responses the 2015- 2016 Grand Jury report. We were told that stating, "by the end of the current fiscal year" is not an appropriate response. At that time, we were also presented with specific examples of items that needed to be "fixed" like county organizational charts, job description updates for department heads, and specific information on our county webpage. At this meeting both Supervisor Thrall and myself agreed that these items would be corrected and some were already in process. We disagreed on some of the directives that were we were told we needed to do by the Grand Jury as we explained the roles of Chair and Vice Chair of the Board and the discretion of the individual board members to hold town hall meetings as they see fit.

Upon further consideration, we believe the approach of the 2016-2017 Grand Jury in seeking corrections or further responses to the Board's response to the 2015-2016 Grand Jury Report is irregular, and not contemplated by Penal Code section 933.05. That section requires that responses be provided to the presiding judge of the superior court, not to the successor grand jury. It would appear to follow that if the response was missing or inadequate, that would be a matter for the presiding superior court judge to address, not the successor grand jury. Nor is it a matter to be addressed by the grand jury making the report, since once their report is issued that grand jury's service is at an end. We recognize, of course, that a future grand jury can conduct its own investigation of matters reported on by a prior grand jury and report on the progress (or lack of progress) on Board's intentions to implement the recommendations of a prior grand jury. To that end, we are available to the successor grand jury, including meeting as the full Board of Supervisors with the full panel of the current grand jury in closed session as provided in the Brown Act at Government Code section 54953.1.

The members of the Plumas County Board of Supervisors feel that we have fulfilled our responsibility in responding to the 2015-2016 Grand Jury Report and we are in the process of implementing recommendations.

Sincerely,

Lori Simpson, Chair
Plumas County Board of Supervisors
