Memorandum

DATE: February 19, 2019
TO: Honorable Board of Supervisors
FROM: Sheriff Greg Hagwood
RE: Agenda Items for the meeting of March 5, 2019

It is recommended that the Board:

Approve and sign contract #PCSO00025 between the Plumas County Sheriff's Office (PCSO) and RSH, Inc. dba Horton Tire Center in the amount of \$20,000.

Background and Discussion:

The term of this contract is 04/01/19 – 03/31/20. The purpose of this contract is for vehicle maintenance & service.

Agreement has been approved as to form by County Counsel.

Services Agreement

This Agreement is made by and between the COUNTY OF PLUMAS, a political subdivision of the State of California, by and through its Sheriff's Office (hereinafter referred to as "County"), and RSH, INC. a corporation, doing business as Horton Tire Center (hereinafter referred to as "Contractor").

The parties agree as follows:

1. **Scope of Work.** Contractor shall provide the County with services as set forth in Exhibit A, attached hereto.
2. **Compensation.** County shall pay Contractor for services provided to County pursuant to this Agreement in the manner set forth in Exhibit B, attached hereto. The total amount paid by County to Contractor under this Agreement shall not exceed Twenty Thousand and No/100 Dollars (\$20,000.00).
3. **Term.** The term of this agreement shall be from April 1, 2019 through March 31, 2020, unless terminated earlier as provided herein.
4. **Termination.** Either party may terminate this agreement by giving thirty (30) days written notice to the other party.
5. **Non-Appropriation of Funds.** It is mutually agreed that if, for the current fiscal year and/or any subsequent fiscal years covered under this Agreement, insufficient funds are appropriated to make the payments called for by this Agreement, this Agreement shall be of no further force or effect. In this event, the County shall have no liability to pay any further funds whatsoever to Contractor or furnish any other consideration under this Agreement and Contractor shall not be obligated to perform any further services under this Agreement. If funding for any fiscal year is reduced or deleted for the purposes of this program, the County shall have the option to either cancel this Agreement with no further liability incurring to the County, or offer an amendment to Contractor to reflect the reduced amount available to the program. The parties acknowledge and agree that the limitations set forth above are required by Article XVI, section 18 of the California Constitution. Contractor acknowledges and agrees that said Article XVI, section 18 of the California Constitution supersedes any conflicting law, rule, regulation or statute.
6. **Warranty and Legal Compliance.** The services provided under this Agreement are non-exclusive and shall be completed promptly and competently. Contractor shall guarantee all parts and labor for a period of one year following the expiration of the term of this Agreement unless otherwise specified in Exhibit A. Contractor agrees to comply with all applicable terms of state and federal laws and regulations, all applicable grant funding conditions, and all applicable terms of the Plumas County Code and the Plumas County Purchasing and Practice Policies.

7. Amendment. This Agreement may be amended at any time by mutual agreement of the parties, expressed in writing and duly executed by both parties. No alteration of the terms of this Agreement shall be valid or binding upon either party unless made in writing and duly executed by both parties.
8. Indemnification. To the furthest extent permitted by law (including without limitation California Civil Code Sections 2782 and 2782.8, if applicable), County shall not be liable for, and Contractor shall defend and indemnify County and its officers, agents, employees, and volunteers (collectively "County Parties"), against any and all claims, deductibles, self-insured retentions, demands, liability, judgments, awards, fines, mechanics; liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including attorney's fees and court costs (hereinafter collectively referred to as "Claims"), which arise out of or are in any way connected to the work covered by this Agreement arising either directly or indirectly from any act, error, omission or negligence of Contractor or its officers, employees, agents, contractors, licensees or servants, including, without limitation, Claims caused by the concurrent negligent act, error or omission, whether active or passive of County Parties. Contractor shall have no obligation, however, to defend or indemnify County Parties from a Claim if it is determined by a court of competent jurisdiction that such Claim was caused by the sole negligence or willful misconduct of County Parties.
9. Insurance. Contractor agrees to maintain the following insurance coverage throughout the term of this Agreement:
 - a. Commercial general liability (and professional liability, if applicable to the services provided) coverage, with minimum per occurrence limit of the greater of (i) the limit available on the policy, or (ii) one million dollars (\$1,000,000).
 - b. Automobile liability coverage (including non-owned automobiles), with minimum bodily injury limit of the greater of (i) the limit available on the policy, or (ii) two-hundred fifty thousands dollars (\$250,000) per person and five hundred thousand dollars (\$500,000) per accident, as well as a minimum property damage limit of the greater of (i) the limit available on the policy, or (ii) fifty thousand dollars (\$50,000) per accident.
 - c. Each policy of commercial general liability (and professional liability, if applicable to the services provided) coverage and automobile liability coverage (including non-owned automobiles) shall meet the following requirements:
 - i. Each policy shall be endorsed to name the County, its officers, officials, employees, representatives and agents (collectively, for the purpose of this section 9, the "County") as additional insureds. The Additional Insured endorsement shall be at least as broad as ISO Form Number CG 20 38 04 13; and

- ii. All coverage available under such policy to Contractor, as the named insured, shall also be available and applicable to the County, as the additional insured; and
- iii. All of Contractor's available insurance proceeds in excess of the specified minimum limits shall be available to satisfy any and all claims of the County, including defense costs and damages; and
- iv. Any insurance limitations are independent of and shall not limit the indemnification terms of this Agreement; and
- v. Contractor's policy shall be primary insurance as respects the County, its officers, officials, employees, representatives and agents, and any insurance or self-insurance maintained by the County, its officers, officials, employees, representatives and agents shall be in excess of the Contractor's insurance and shall not contribute with it, and such policy shall contain any endorsements necessary to effectuate this provision. The primary and non-contributory endorsement shall be at least as broad as ISO Form 20 01 04 13; and
- vi. To the extent that Contractor carries any excess insurance policy applicable to the work performed under this Agreement, such excess insurance policy shall also apply on a primary and non-contributory basis for the benefit of the County before the County's own primary insurance policy or self-insurance shall be called upon to protect it as a named insured, and such policy shall contain any endorsements necessary to effectuate this provision.

d. Workers Compensation insurance in accordance with California state law.

If requested by County in writing, Contractor shall furnish a certificate of insurance satisfactory to County as evidence that the insurance required above is being maintained. Said certificate of insurance shall include a provision stating that the insurers will not cancel the insurance coverage without thirty (30) days' prior written notice to the County. County reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by these specifications at any time. Contractor shall require all subcontractors to comply with all indemnification and insurance requirements of this agreement, and Contractor shall verify subcontractor's compliance.

10. Licenses and Permits. Contractor represents and warrants to County that it or its principals have all licenses, permits, qualifications, and approvals of whatsoever nature that are legally required for Contractor to practice its profession and to perform its duties and obligations under this Agreement. Contractor represents and warrants to County that Contractor shall, at its sole cost and expense, keep in effect at all times during the term of this Agreement any licenses, permits, and approvals that are legally required for Contractor or its principals to practice its professions and to perform its duties and obligations under this Agreement.

11. Relationship of Parties. It is understood that Contractor is not acting hereunder as an employee of the County, but solely as an independent contractor. Contractor, by virtue of this Agreement, has no authority to bind, or incur any obligation on behalf of, County. Except as expressly provided in this Agreement, Contractor has no authority or responsibility to exercise any rights or power vested in County. It is understood by both Contractor and County that this Agreement shall not under any circumstances be construed or considered to create an employer-employee relationship or joint venture.
12. Assignment. Contractor may not assign, subcontract, sublet, or transfer its interest in this Agreement without the prior written consent of the County.
13. Non-discrimination. Contractor agrees not to discriminate in the provision of service under this Agreement on the basis of race, color, religion, marital status, national origin, ancestry, sex, sexual orientation, physical or mental handicap, age, or medical condition.
14. Choice of Law. The laws of the State of California shall govern this agreement.
15. Interpretation. This agreement is the result of the joint efforts of both parties and their attorneys. The agreement and each of its provisions will be interpreted fairly, simply, and not strictly for or against either party.
16. Integration. This Agreement constitutes the entire understanding between the parties respecting the subject matter contained herein and supersedes any and all prior oral or written agreements regarding such subject matter.
17. Severability. The invalidity of any provision of this Agreement, as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof.
18. Headings. The headings and captions contained in this Agreement are for convenience only, and shall be of no force or effect in construing and interpreting the provisions of this Agreement.
19. Waiver of Rights. No delay or failure of either party in exercising any right, and no partial or single exercise of any right, shall be deemed to constitute a waiver of that right or any other right.
20. Conflict of Interest. The parties to this Agreement have read and are aware of the provisions of Government Code section 1090 *et seq.* and section 87100 *et seq.* relating to conflicts of interest of public officers and employees. Contractor represents that it is unaware of any financial or economic interest of any public officer or employee of County relating to this Agreement. It is further understood and agreed that if such a financial interest does exist at the inception of this Agreement and is later discovered by the County, the County may immediately terminate this Agreement by giving written notice to Contractor.

21. Notice Addresses. All notices under this Agreement shall be effective only if made in writing and delivered by personal service or by mail and addressed as follows. Either party may, by written notice to the other, change its own mailing address.

RE: Establishing a Change Fund for the Clerk-Recorder-Election Office

The Board of Supervisors is authorized to establish a cash/change fund for use by any County Officer for the following purpose(s);

- A change fund for use in making change in carrying out his/her Official County duties (Government Code Section 29325).

The Plumas County Clerk-Recorder-Election Office is a self-funding office that provides customer service to the public. The office provides to the public an opportunity to purchase vital records such as Certified Birth Records, Certified Death Records, Certified Marriage Certificates, photo copy services for land title documents needed for title changes or historical purposes, recording of documents, and election fees for candidate statements etc. Our office also facilitates wedding license applications for parties wishing to be married in California. Our office is also very busy during mining time when gold miners record the annual documents they are required to and many utilize cash. We do accept checks and credit cards, but many smaller transactions like photo copies, customers do not wish to use a credit/debit card due to the service charge derived by the GovPay Credit Card module.

Many of these transactions are performed daily as cash transactions that often require change due to the customer. At present, the staff does not have a mechanism to make change for the customer and must go to the second floor of the Courthouse to the Tax Collector-Treasurer's Office to obtain the breakdown of the cash given by the customer in order to complete the transaction. This will make the customer wait for the staff member to come back down stairs to give the customer their change and often leaves the office understaffed during this time and is not a favorable way to provide the important customer service our public deserves.

Such funds may be established by a Board adopted resolution. (Government Code Section 29321) which sets forth:

- The necessity or justification for the fund.
- Identification of the County Officer for which the fund is available.
- The fund amount.
- The County Officer for whom the fund was established is personally liable for any losses which may occur, unless relieved from accountability by the Board of Supervisors.

The Clerk-Recorder-Election Office does have a daily deposit procedure for all transactions performed daily and is audited by a supervising employee and the Auditor's office and secures the cash and checks nightly along with all receipts.

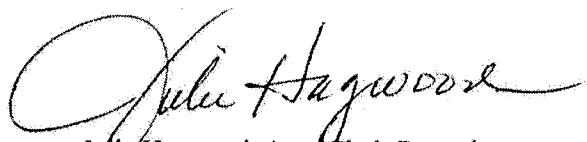

The Clerk-Recorder-Election Office is requesting the Auditor/Controller to review this request to determine if the fund is justified. If justified the Auditor/Controller shall draft an implementing resolution and submit it to the Clerk of the Board for inclusion in the next available agenda of the Board of Supervisors and if upon approval and adoption, we request the Auditor/Controller to issue a County warrant for the approved amount to the County Officer named in the resolution.

If the Auditor/Controller finds such request as unjustified, the Auditor/Controller shall return the letter to re requesting officer with an explanation of the reason(s) for disapproval.

The Clerk-Recorder-Election Office is requesting a warrant if justified in the amount of **\$100.00** be issued to **Kathy Williams, Plumas County Clerk-Recorder-Registrar of Voters** for the purpose of establishing a Cash Fund.

Department Fund will be: 20460

Thank you for your consideration of this matter and if we can provide any further information we would be happy to do so.

Discussion Paper:

Briefing on the Alliance for Workforce Development, Inc. operations in Plumas County

1. Purpose: It is with pleasure that I take this opportunity to update you on the activities at the Plumas County Employment Center, your local America's Job Center of California (AJCC). Our mission is to serve as a common point of access for job seekers, employers and community members for the purpose of education, training, employment, referral and other supportive services. AFWD delivers federal and state Workforce Innovation and Opportunity Act (WIOA) programs for Adults, Dislocated Workers and Youth of Plumas County.

2. Discussion: AFWD is one of four service providers for the Northern Rural Training and Employment Consortium (NoRTEC) providing various workforce development programs in six of NoRTEC's 11 counties, Butte, Lassen, Modoc, Nevada, Plumas and Sierra counties. Supervisor Thrall represents Plumas County on the NoRTEC Governing Board. AFWD's purpose is to create an atmosphere for both the job seeker and the employer – A place where they can succeed in all endeavors by using the services available to them. We continue to put an emphasis on our "business first" philosophy, as embraced by NoRTEC and also by the new legislation, which increases the focus on business outreach and requiring that businesses be in the forefront of our service delivery models.

In July 2018 NoRTEC launched NoRTEC Jobs which a valuable search engine for jobs in our local communities. This site provides easy access to employer's job positions in a user friendly program. Staff continue to work with job seekers and local businesses to ensure that employers find the most qualified individuals for the job and our job seeking customers obtain sustainable work. Successful AJCC's recognize the value of partnerships with other service agencies, job seekers, employers, and the community they serve. All efforts are tied to enhancing the workforce development, economic vitality, and a *stable and prosperous business community* throughout Plumas County.

- Plumas County's unemployment rate for December of 2018 stood at 8.7%. This is 1/10th a percent lower than this time last year, when Plumas County's unemployment rate stood at 8.8%. - Customers July 1, 2018– December 31, 2018: A total of 1,636 visits took place by individuals utilizing the many services available through the Plumas Business and Career Network.

- **Business Services:** We provided 108 businesses with a range of services including, business retention, expansion, recruitment, job postings, labor market information, human resource support, layoff assistance and access to interviewing and meeting space. A total of 653 services were provided to these businesses, indicating that multiple contacts/services are being provided to these employers. Four businesses have participated in AFWD's On-the-Job training program with over \$21,000 in reimbursements to date. This demonstrates that AFWD is succeeding in what WIOA envisioned, which is the development of long-term relationships with our local employers in order to better understand their needs.

3. Program Highlights:

Training-Classroom and Internships: AFWD staff through various client assessments, and client career explorations customize classroom and internships. For reporting period of July 1, 2018-December 31, 2018 a total of 6 clients have participated in these programs resulting in \$31,255 being expended in Plumas County. Career placements included positions such as HVAC Technician, Sheet Metal/Metal Fabricator and Maintenance Worker I.

Temporary Job Creation/STORM 2017: Temporary jobs were created for long-term unemployed job seekers in Plumas County to assist with the clean-up and repair efforts from the devastating storms and flooding of winter 2017 for public and non-profit agencies. These workers have been instrumental in the many projects that continue with Caltrans-Quincy and Chester yards.

Camp Fire/Recovery: AFWD staff assisted the Lake Almanor Chamber of Commerce and the American Red Cross with the evacuation shelters in Chester and Quincy. Assistance provided included unemployment insurance application assistance, resume creation, job listings and staffing the shelters.

Conclusion: AFWD is pleased to continue offering Workforce Development services in Plumas County and providing valuable services to both businesses and job seekers. All of our efforts are geared towards creating a solid workforce, economic vitality and a stable and prosperous business community throughout Plumas County. Board of Supervisors Presentation

Plumas and Sierra Counties Community Food Council

The Plumas-Sierra Community Food Council consists of volunteers representing the following agencies: Plumas County Public Health Supplemental Nutrition Assistance Program Education (SNAP-Ed), Plumas Grown Farm Guild, Plumas & Sierra Counties 4-H, Plumas County Agriculture Commission, Sierra Farmstead, California Natural Resources Conservation Service (USDA NRCS), Community Action Agency of Plumas County Community Development Commission, Feather River College Eco Farming Certificate Program, Plumas Charter School, Plumas Unified School District (PUSD), Plumas County Probation, Plumas & Sierra Counties Master Gardeners, as well as citizens interested in food access for all residents in our region.

Mission

- to increase community resiliency by fostering vibrant local agriculture and increasing access to healthy food for everyone in the Plumas-Sierra region.
- to improve community food security through advocacy, policy, and grassroots programs that shape the region's food system and the health of its residents.

The Food Council conducted the Food, Education, Agriculture, Solutions, Together (FEAST) Summit on October 20, 2017 and settled on 3 goals for the next 3 years:

1. Increase Food Access for all Plumas and Sierra Counties residents
2. Increase collaboration of ranchers and farmers in Plumas and Sierra Counties
3. Develop Community Gardens for families in Plumas and Sierra Counties

2017-2019 Outcomes

- Updated Plumas Rural Services Resource Guide "Food Access List"
- Invited Plumas Grown Farm Guild to join Food Council
- Facilitating activities to develop Community Garden in Quincy

Plumas Unified School District

- With the help of a USDA Farm to School Planning Grant, (PUSD) approved a 5 Year Sustainable Plan for Elementary School Gardens on November 9, 2016. This will sustain school gardens in all four PUSD elementary schools.
- The PUSD Food Services Program has increased purchase of locally grown meats and produce from 2% of total cafeteria budget (2016) to 12% (2018). The Five-Year Plan has a goal of 25% by 2020.
- PUSD provides free meals to all students regardless of income as of August 2018.
- Nutrition Education under the PUSD Wellness policy will be adopting standards to provide healthy food choices in the cafeteria, snack time and in vending machines. Research supports the fact that healthier diets contribute to better student learning. The SNAP-Ed Program has provided the School Garden Managers with Nutrition Curriculum taught through garden activities.
- The Adult Education Consortium (FRC + PUSD) is developing their 3 Year plan and has indicated that they will provide support for the Community Garden in Quincy

Community Action Agency of Plumas County Community Development Commission

The Lost Sierra Community Food Project will have the use of two-and-one-half acres in Quincy where there will be a production farm of approximately two acres and a community garden of approximately one half acre. The community garden will be available for those people in the community who have an interest in growing food for their families. There will be no charge for the use of the community garden.

However, those persons who have an interest in learning more about growing food, may be available to learn more about crop production in the production farm.

The goal of the production garden is to grow fresh produce for local food banks because the food banks do not have regular deliveries of fresh produce or when they do receive fresh produce, they may receive four or five hundred pounds of one particular item such as lettuce or onions, but not a regular variety of produce that can be used to create healthy meals. It is anticipated that approximately one half of the produce grown will be designated for the food banks and the other half will be sold to the school district and will be sold at farmers markets with the intention of generating income to help to make the program self-sustaining.

The project is a collaboration with the Feather River College Eco Farming Certificate program which Community Action assists by helping to fund the college outreach program for the Eco Farming Certificate program. The FRC program instructor is involved in overseeing the community garden and to a lesser degree, the production farm.

In addition to the growing of healthy fresh produce, the program is designed to teach farming practice to young people who have an interest in learning how to grow produce or to utilize that knowledge in other ways such as working in a produce department of a grocery store or in wholesale produce. This can be accomplished by the participation in the college Eco Farming Certificate program, or through adult education and working in the production farm with the U C Master Gardener Certificate Program.

PLUMAS GROWN FARM CRAWL HISTORY

The goals of the Farm Crawl are introducing people to local producers in Plumas County along with educating folks about where their local produce comes from. We want to inspire and encourage folks to help with their sustainability by growing some of their own food. We also look at this venue as a way to encourage outside folks to visit and spend time and money in our beautiful county.

The first Farm Crawl happened on Saturday, August 6, 2016. There were four participants stretching from Quincy to Indian Falls: Five Foot Farm, Shoofly Farm, Sundberg Growers, and the Diggin In Program at Quincy Elementary School. There were visitors from Santa Cruz who visited specifically to attend the farm crawl.

The second Farm Crawl happened on Saturday, August 5, 2017. There were six scheduled participants stretching from Cromberg to Indian Falls. The Diggin In Program at Quincy Elementary School could not participate due to air quality and the fact that they were being utilized as a staging area for emergency service vehicles during the Minerva Fire. The participants were: FullHat Farm, Cedar Hill Farm, Follow Your Heart Farm, Five Foot Farm, and Shoofly Farm. A couple from Nevada spent their honeymoon in Quincy with the intent of attending the farm crawl!

The third Farm Crawl happened on Saturday, August 4, 2018. There were nine participating sites stretching from Meadow Valley through Quincy to Indian Falls and reaching all the way to Greenville! The sites were Greenville High School, Shoofly Farm, George's Infinity Gardens, Follow Your Heart Farm, Kinne Family Farm, Five Foot Farm, FulHat Farm, Let It Grow Gardens, and SnowSki Gardens. Follow Your Heart Farm and FulHat Farm reported over 100 visitors!

This will be an annual event falling on the first Saturday in August. We hope to continue to grow to the point where it will become a two-day event. Save the date for 2019, Saturday, August 3rd. Times and locations to be announced.

AGENDA REQUEST

for the March 5, 2019 meeting of the Plumas County Board of Supervisors

Date: February 25, 2019

To: Honorable Governing Board

From: Robert Perreault, Manager, WRCSD

Subject: Request for Refund of \$3,000 Connection Fee Pertaining to APN 103-160-010, located on 199 Flint Way within the Walker Ranch CSD; discussion and consider approval.

BACKGROUND:

A property owner, within the district of the CSD has requested a refund of his previously paid Connection Fee.

The property is located at 199 Flint Way in the Bailey Creek Subdivision. The owner paid a \$3,000 Connection Fee on October 10, 2018. The connection fee was paid pursuant to Walker Ranch CSD Resolution 97-6084. Payment is required prior to connection to the potable water and sewer system. The WRCSD Operator has confirmed the property owner has not started construction and no connections to sewer or potable water system have been made.

The property owner, Mr. Gerald Gasperetti, submitted a written request, dated February 6, 2019, that the \$3,000 connection fee be refunded due to stated reason of not being able to move to California.

Current WRCSD staff is not aware of any instance of refunding such connection fees since the creation of the Subdivision and CSD.

RECOMMENDATION:

The Manager of the Walker Ranch Community Services District respectfully recommends that the WRCSD Governing Board authorize the WRCSD Manager to refund the previously paid \$3,000 connection fee to Gerald Gasperetti.

It is recommended that the Board approve a transfer of funds to the appropriate line items in the Elections budget to conduct the Special Senate District 1 Election to be held on March 26, 2019.

Background and discussion: Senator Ted Gaines was elected to the State Board of Equalization at the November 6, 2018 General Election, thereby creating a vacancy in that office. The Governor called a special election for March 26, 2019 to fill the vacancy. This will be a countywide election. Costs for the November General election were included in the elections budget and line items were charged accordingly depleting much of the funds. There is a shortage of funding to conduct this election as it was unknown and not included in the budgeting process.

There is the possibility for a second special election requiring funding on June 4, 2019 if one of the five candidates do not receive a majority vote. If a second countywide election is called, another transfer will be needed at that time.

Agenda: Agenda Item for March 5, 2019

Recommendation: Request the Board of Supervisors Send a Letter Supporting Assembly Bill 402

Background and Discussion: Assembly Bill 402 (AB 402) pertains to sustainable funding for the local oversight of public drinking water systems. Environmental Health is designated as a Local Primacy Agency (LPA), and we are responsible for carrying out this regulatory oversight program for small public drinking water systems. Because safe drinking water oversight costs exceed the amount of fees that can be collected from small water systems, in 2013 the state Division of Drinking Water provided LPA Counties with one-time funding to help offset those costs. But this funding will be exhausted at the end of next fiscal year.

AB 402 would offer an option for LPA counties to participate in a sustainable, statewide funding stabilization program. The program would pool water system oversight fees from large and small systems statewide, which results in greatly subsidized fees for small community systems. Program funding would then be provided to the LPA according to an annual work plan. Any locally imposed enforcement penalties or fines would be remitted to the state, and counties could not charge fees in addition to the annual state charge.

Without AB 402, Environmental Health will be faced with some difficult decisions regarding our LPA program: increase fees to cover the costs of the oversight program; support the oversight program with general fund revenue; or, give up local control and let the state Division of Drinking Water administer the oversight program. None of these are attractive options.

The purpose of AB 402 is to continue funding local, effective, and accountable drinking water oversight. For Plumas County, this may be our best opportunity to maintain local control of this regulatory program. At this time, the Board is asked to authorize the Chair to sign a letter supporting AB 402. A draft letter is attached for your review and consideration.

If you have any questions, please do not hesitate to contact me at 283-6367.

Thank you.

Board of Supervisors Letterhead

DRAFT--February 22, 2019

The Honorable Bill Quirk
20th Assembly District
State Capitol, Room 2163
Sacramento, CA 95814

SUBJECT: Support for AB 402 – Optional LPA Fund Stabilization

Dear Assemblymember Quirk:

Plumas County is pleased to offer its support for your AB 402 which offers a much-needed fund stabilization option for local jurisdictions to implement their Local Primacy Agency (LPA) drinking water oversight programs. AB 402 helps to ensure that all Californians who rely on public drinking water systems – regardless of whether they live in counties whose system oversight is through the state or delegated to the county – can be assured of safe and affordable drinking water.

Specifically, the measure will enable counties who oversee their water system through Local Primacy Agency (LPA) delegation agreements to provide the required level of system oversight as specified by state and federal law with the most efficient use of limited resources. The measure changes the Public Drinking Water Oversight system to provide an opt-in/optional alternative funding mechanism that would accomplish the following:

- Amend the Health and Safety Code to allow the state and LPA counties to enter into agreements for the reimbursement of small public water system oversight costs
- Allow the Division of Drinking Water (DDW) to implement and administer small public water system oversight fees statewide
- Aggregate public water system fees to fund the work of both state and local oversight staff
- Require DDW to develop consistent staffing formulas so the appropriate level of oversight is maintained statewide

Your legislation will secure sustainable funding for the established and highly effective LPA regulatory program. By aggregating public drinking water fees statewide, small community water systems will be able to invest their limited funds into providing safe drinking water to their customers rather than paying expensive regulatory oversight fees. Furthermore, by providing adequate funding, a consistent, high quality regulatory oversight program can be administered statewide.

We thank you for your leadership on this issue and urge the Legislature to enact this optional funding mechanism that will support local control and enhance public health protection.

Sincerely,

Michael Sanchez, Chair
Plumas County Board of Supervisors

monoxide fumes would be a serious problem to my COPD and it would affect me in a serious way. All 13 men was pleading with the c/o not to start the generator, it even had on the side NOT FOR INSIDE USE but Sgt. A. Hermann ordered the c/o to start it anyway. When it was started the room imedately was filling the room with smoke and carbon monoxide, I rushed to a door with my shirt over my face trying to get fresh air in which there was very little. I began to have very very labored breathing and shakes to where I was disoriented for approximately 15 minutes. Everyone and myself was pleading to have this generator turned off and to get me out of the room. I was at the point of fainting and gasping for air, and finally with help from another inmate and c/o they got me out of the room completely fill with smoke to another holding cell where I sat on the cement floor real confused and chocking, shaking, and disoriented. While I was in the other cell the c/o brought in another man with a towel over his face and gagging and dry heaving. The carbon Monoxide was affecting me and him in a very bad way. After approximately 30 minutes or so the c/o brought me to see the nurse in which she took my vitals and my blood presure was real high, she also gave my my prescribed inhalers I use 2 times daily sense the beginning of my time about 9 months, it didn't even help me much. They took me back to the holding cell

2012

where they kept me until the Dorm cleared of smoke and fumes and had 2 very large fans on to clear the Dorm. They brought me back to the dorm where I went to my rack feeling ill and still a bit disoriented. I have a nebulizer machine and medicine I've had the whole time I've been here that before this issue I've used maybe 3 times. It has been almost 2 months and I have had to use it almost daily. I still have labored breathing and I cough a lot since this issue. I believe this is a violation of my 8th Amendment Right of cruel and unusual punishment and I would like to file on Sgt. A. Hermann that gave the order to use this gas generator indoors because I still have more issues with my COPD than I already had. I have had a heart attack. I take a lot of meds for, along with blood thinners, bone disease scaring on lungs from pneumonia, sleep Apnea all are affected by the smoke and Carbon Monoxide from the gas generator.

I have sent in a grievance in which there was nothing done as far as discipline and Sgt. A. Hermann has treated all of us involved in this in my opinion much worse sense the grievance.

That's it. He is going to start up in about 5 min. So I Asked ~~the~~ C/o wilabe if this was a joke? You've got to be joking. And I was told No. No Jokes. I then told Officer Wilabe that you can't do this to us. But C/o wilabe said he was told by SGT. Afferman to start the generator when the back up generator went out. I told C/o wilabe please not to do this. I'm already light headed due to all my teeth being pulled and I've lost a lot of blood and I wasn't filling good. He blow off what I was asking. 10. General description of the specific damage, injury, indebtedness, obligation, or loss incurred so far as it may be known at the time of presenting claim:
I have suffered extreme mental health issues, was never seen by a doctor to make sure I was okay. I have never been more scared for my life or other inmates lives, we were forced to breathe toxic carbon monoxide fumes that can cause severe brain damage and or death.

Wanton - (Wantonly) Having no regard for justice or for other persons, feelings, rights, or safety.

On 11-8-2018 between 8pm and 10pm the officers in charge violated the Eighth Amendment of 14 inmates including myself due to cruel and unusual punishment. The jail was on generator power due to a county power outage. I believe it had something to do with severe wind conditions and the Butte county Camp fire emergency. The generator had to be shut off due to a diesel leak. Officer Willoughby came in the work furlough dorm with a gas powered generator that had a light attached to it. He called us all into the day room area where he placed the gas powered generator on a table and started it up, why they attempted to fix the big diesel powered generator, we expressed our concern on the danger of breathing toxic fumes from the generators exhaust, there was a warning label right on the generator stating not for

We all experienced light headedness, head aches, nausea, coughing and choking. We were forced to breath the toxic fumes for approximately 2 hours. We expressed our concerns about the hazard of breathing these toxic fumes and suggested that the doors should be open and the generator placed outside. Officer Willoughby laughed and stated "He grew up in a barn, he was used to breathing toxic fumes. I understand he was following orders from his superior officer. I feel there was zero concern for our well being and this was a direct violation of our Eighth Amendment. We had inmates with medical conditions and all was ignored. Even without medical conditions carbon monoxide fumes are extremely hazardous and life threatening if exposed to them for as long as we were. We have all filed grievances and would also like to file a lawsuit, we feel there is a very strong case of cruel and unusual punishment and numerous other constitutional rights being violated. I am including what I have found during my personal research. ➤ next page

Acting with deliberate indifference, Deliberate indifference is the Standard applied in a class action case. A correctional official acts with deliberate indifference if he or she knows of and disregards an inhumane condition or action that constitutes an excessive risk to inmate health or safety. A correctional official's knowledge can be proved by showing that he or she had actual notice of the problem or by showing that the problem or risk was obvious. A correctional official would not escape liability if the evidence showed that he or she merely refused to verify underlying facts that he or she strongly suspected to be true or declined to confirm inferences of risk that he or she strongly suspected to exist. The need to establish "deliberate indifference" in order to show cruel and unusual punishment claims is one reason why it is important for inmates to make written complaints to correctional officials whenever serious conditions problems occur.

We are respectfully asking for your assistance in this matter. If you can not assist us please refer us to someone who can.

Respectfully written
By Gary Clark

Note please feel free to come speak to me in person if you want thanks.

Also it is to my best understanding that people can and have died from Carbonmonoxide fumes. I also would like to express my reasons for delaying this complaint, the reasons are due to fear of retaliation. Ever since we filed the grievance we have been treated very differently and have had privileges and programs that were earned taken. I strongly believe it is due to the person responsible for the incident is the commanders daughter in law. I have been seeing behavioral health due to this and would appreciate someone to investigate this please.
