

FOR IMMEDIATE RELEASE

COVID-19 TESTING EVENTS AVAILABLE TWICE WEEKLY

QUINCY, CA, (July 10, 2020) – Plumas District Hospital (PDH), in collaboration with Plumas County Public Health Agency (PCPHA), will conduct the first in a series of COVID-19 testing events (not-antibody testing) on Tuesday, July 14, 2020 from 8:30–10:30 am in Quincy. Registration for this event is Monday, July 13 from 9 am – 2 pm. Please call 530-283-5640 to register. Registrants will be given instructions for arrival.

The July 14 event kicks off a new twice weekly COVID-19 testing schedule. Until further notice, mass testing will be offered every Tuesday and Thursday from 8:30-10:30 am in Quincy. Registration is required to participate all testing events.

The expansion of COVID-19 mass testing is made in an effort to better serve:

- Individuals who think they have been exposed but have no symptoms themselves
- Individuals who need testing for work or travel

Step 1

- Registration for Tuesday events is the Monday prior from 9am-2pm
- Registration for Thursday events is the Wednesday prior from 9am-2pm
- Please call **530-283-5640** to register
- During registration you will be given a time frame and other instructions for arrival
- You **must register** in order to be tested

Step 2

- On the day of testing, arrive to the hospital front parking lot. Follow the instructions given when you registered
- Please do not get out of your car

Step 3

- Specimen collection (via nasal swab) will take place while you remain in your car
- A representative from Plumas County Public Health Agency will notify you of your test results 4-6 business days after collection
