

Cat in the Hat Snack

The Ingredients/Materials

- Cream filled sandwich cookies (Chocolate or vanilla flavor your choice, each cookie makes two hats)
- Strawberries –several if you want to make more than two hats
- Banana –1- but number of bananas depends on size and number of hats you wish to make.
- Knife (**may need an Adult to help with this**)
- Plate to serve on
- Cutting board or plate to slice the fruit on

Steps

1. Take one of the sandwich cookies and twist it apart. Lay the one of the halves on your serving plate. Save the other half for another hat.
2. Peel the banana and slice off six even slices - you will have some of the banana left over. Set slices and leftover banana aside. Ask an adult to help you cut the banana.
3. Take a strawberry and slice off two slices about the same thickness as the banana. Depending on the size of the strawberry you should be able to get 4 slices out of one strawberry. Ask an adult to help you cut the strawberry. Set your slices aside.
4. Take one half of your cookie (cream side up) and place one slice of strawberry on it.

5. Place a banana slice on top of the strawberry slice.
6. Next lay another strawberry slice, then a banana slice.
7. Finish it off with one last strawberry slice.
8. Repeat steps 1-7 to make additional treat snacks.

Enjoy your Cat in the Hat snack!
