NOTE

RECORD BEARINGS AND / OR DISTANCES ARE SHOWN IN PARENTHESIS, ALL OTHER DATA ARE CALCULATED

This plat was photogrammetrically compiled from vertical aerial photographs by Greenwood and Associates and meets the specifications prepared by the U. S. Forest Service. The photogrammetric survey of Road No. 28N03 involved the securing of vertical aerial photography, the establishment of horizontal control, compilation of a planimetric map, projection and projection of the land net from recovered and tied-in authentic property corners and plotting and calculation of centerline position and description.

All data pertinent to this survey is on file at the following address:
