

# Community REDISTRICTING Outreach Meeting

Webpage: <https://plumascounty.us/2781/Redistricting-2021>

Plumas County's Board of Supervisors will review, discuss, and decide on one of the draft redistricting maps presented, taking into consideration the public's input in the process.

The final map that you will help the County define will be the boundaries of the supervisorial districts for the next 10 years.
