# Introduction

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (42 U.S.C. Section 2000d).

In addition to the nondiscrimination provisions of Title VI of the Civil Rights Act of 1964, the Nondiscrimination Statutes and Authorities set forth in Appendix F (Appendix E - USA DOT Order 1050.2A) are also incorporated as part of this plan.

Every Plumas County Public Works employee and every person engaged in business with the Department of Public Works, have an on-going responsibility to create a nondiscriminatory work environment through their personal conduct.

This plan was developed to guide the Department of Public Works in its administration and management of Title VI-related activities.

## Notice to Public

Plumas County Department of Public Works Title VI notice to the public is included in this Plan as Appendix A. This notice informs members of the public of the protections against discrimination afforded to them by Title VI.

This notice is not required to be translated into non-English languages as the number of individuals within the jurisdiction who speak English “less than very well” are below the Safe Harbor Provision.

Plumas County’s Title VI notices are provided at the following locations:

- ✓ The Plumas County Public Works Website
- ✓ The reception area of Public Works Headquarters Building

## Complaint Procedure

The procedure for filing a complaint regarding discrimination on the basis of race, color, or national origin, or any of the provisions contained within Appendix F, is included in this plan as Appendix B. The Title VI Complaint Procedure will accompany the Title VI Complaint Form included in this plan as Appendix C. The complaint procedure and form are available at the following locations:

- ✓ The Plumas County Public Works Website
- ✓ The reception area of Public Works Headquarters Building

There have been no investigations, complaints or lawsuits filed since the filing of the last Title VI compliance report. (Appendix D)

## Public Participation Plan

The Plumas County Department of Public Works acknowledges the importance of a public participation process that reaches out to as many population demographics as possible, including Plumas County’s Limited English Proficiency (LEP) populations. The Public Participation Plan (PPP) provides a set of goals and strategies designed to engage all members of the public regardless of gender, race, color, ancestry, religion, national origin, ethnicity, age, disability, sexual orientation, marital status, medical condition, or any other category protected by state or federal law.

The PPP is included in this report as Appendix E.

## **Four Factor Analysis**

In order to ensure meaningful access to programs and activities, recipients shall use the information obtained in the Four Factor Analysis to determine the specific language services that are appropriate to provide. A careful analysis can help a recipient determine if it communicates effectively with LEP persons and will inform language access planning. The Four Factor Analysis is an individualized assessment that balances the following four factors:

- (1) The number or proportion of LEP persons eligible to be served or likely to be encountered by the activities or programs of the Department of Public Works.
- (2) The frequency with which LEP persons come into contact with the activities or programs.
- (3) The nature and importance of the Department of Public Works activities or programs to people's lives.
- (4) The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.

## **FACTOR #1 – Number or proportion of LEP persons eligible to be served or likely to be served by the Plumas County Department of Public Works**

The service area of Plumas County Public Works is the geographical boundary of Plumas County. No services are provided to individuals located outside of Plumas County.

The 2010 Census estimates Plumas County's population to be 20,007. The population of individuals who speak English less than "very well" is 248\*. The break-down by language of these individuals is as follows:

<b>Language</b>	<b>Population</b>	<b>% of Plumas County Population</b>
<b>Spanish</b>	<b>193</b>	<b>0.96%</b>
<b>Other Indo-European languages</b>	<b>45</b>	<b>0.22%</b>
<b>Asian and Pacific Islander languages</b>	<b>10</b>	<b>&lt;0.05%</b>

\*Information obtain from 2013-2017 American Community Survey 5-Year Estimates

**FACTOR #2 - The frequency with which LEP persons come into contact with Plumas County Department of Public Works activities or programs.**

Plumas County's limited LEP population has not engaged in interactions with the Plumas County Department of Public Works to any significant degree.

There are no LEP communities in Plumas County. The limited LEP population is not centralized within any of Plumas County's communities.

The literacy skills of the various LEP populations are unknown, so it is uncertain whether translation of transit information or Title VI procedure and complaint forms would be effective.

Based on interview surveys of Public Works staff, including Headquarters reception staff, district supervisors and district maintenance workers, information regarding the use of various programs and activities has been able to be effectively communicated to the Spanish speaking LEP population. There have been no encounters with any of the other LEP populations.

**FACTOR #3 - The nature and importance of the services to people's lives provided by the Department of Public Works.**

The Department of Public Works maintains and constructs transportation infrastructure and provides updates on the condition and accessibility of County roadways. This information is important to the public utilizing the County's transportation infrastructure.

**FACTOR #4 - The resources available for LEP outreach, as well as the costs associated with that outreach**

The Public Works Department has one Spanish-speaking employee who is available to assist individuals with questions regarding various Department of Public Works activities and programs. No other resources are currently available to assist the LEP populations within the County.

**Safe Harbor Provision**

The Safe Harbor Provision stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations.

These safe harbor provisions apply to the translation of written documents only. They do not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable.

Plumas County's LEP population does not approach the thresholds established in the "Safe Harbor Provision".

### **Language Assistance Services**

The Department of Public works employs a Spanish-speaking employee who is available to assist individuals with questions or complaints. A phone number will be provided that will provide access to this service. Notice of this language assistance service will be posted at the following locations:

- ✓ The Plumas County Public Works Website
- ✓ The reception area of Public Works Headquarters Building

### **Monitoring, Evaluation, and Updating of the LEP Plan**

The LEP plan will be evaluated bi-yearly or as feedback or complaints are received. The LEP plan will be updated as needed.

### **Language Assistance Training**

The Spanish speaking translator will be advised to respond to language assistance requests as soon as possible. In addition to providing the requested information, the translator will request feedback from the customer as to how the Department of Public Works can provide better information to the LEP population.

The Title VI Coordinator will investigate complaints received no more than 180 days after the alleged incident. The Department of Public Works will process complaints that are complete.

Once the complaint is received, it will be reviewed to determine if it is within the Plumas County Public Works Department's jurisdiction. The complainant will receive an acknowledgement letter informing her/him whether the complaint will be investigated.

The Title VI Coordinator has 30 days to investigate the complaint. If more information is needed to resolve the case, the complainant will be contacted by letter. The complainant has 10 business days from the date of the letter to send requested information to the investigator assigned to the case. If the investigator is not contacted by the complainant or does not receive the additional information within 10 business days, the case may be administratively closed. A case may also be administratively closed if the complainant no longer wishes to pursue their case.

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI or Nondiscrimination violation and that the case will be closed. An LOF summarizes the allegations and the interviews regarding the alleged incident, and will indicate that appropriate disciplinary action and training will be implemented, if the complainant wishes to appeal the decision, she/he has 10 days after the date of the letter or the LOF to do so.
