DAYS - WEEKS

RECOVERY
WEEKS-MONTHS

RECOVERY
MONTHS-YEARS

Example activities

RISK REDUCTION & READINESS

- Plan recovery strategies & actions
- Reduce risk
- Build community capacity & resilience
- Test disaster preparedness
- Build partnerships
- Plan for Business Continuity

RESPONSE

- Search & rescue
- Provide for basic human needs & support services
- Assess & understand risks & vulnerabilities
- Address health & safety issues
- Establish temporary health services
- Establish temporary interim infrastructure

SHORT/MEDIUM-TERM RECOVERY

- Provide interim housing solutions
- Initiate removal of debris/damaged buildings
- Engage networks/services for psycho-social support
- Establish new social & health service models
- Continue repair & rebuild
- Engage & inform community

LONG-TERM RECOVERY

- Permanent housing solutions
- Rebuild infrastructure to meet future community needs
- On-going psycho-social support
- Support economic & business growth
- Continue to build resilient communities

Interagency Coordination

RSF FRAMEWORK

- ▶ Recovery Support Function (RSF) unit established in 2018 under the California Disaster Recovery Framework
- ▶ Best practice
- ▶ Supported by state (e.g., Cal OES) and federal (e.g., FEMA) agencies to assist local jurisdictions like Plumas County based on recovery needs
- ▶ Community Planning & Capacity Building (CPCB) is the overarching RSF that coordinates to ensure Plumas receives the support needed to develop and implement the Long-Term Recovery Plan
 - assesses disaster impacts
 - evaluates local plans to guide post-disaster recovery efforts
 - supports local recovery structures
 - develops post-disaster recovery plans
 - identifies resources to increase local capacity

Long-Term Recovery Plan

RSF WORKING GROUPS

RSF Working Groups

MISSION STATEMENTS

Housing & Commercial Buildings:

Eliminate post-disaster homelessness, research and implement options for building more affordable housing stock to support workforce development and population growth, promote innovative development of commercial and business uses, and advocate for resiliency and sustainability in rebuilding.

Infrastructure:

Perform activities for the restoration and rethinking of infrastructure systems and services impacted by the Dixie Fire and Beckwourth Complex Fire and to support a viable, sustainable, more resilient Plumas County.

RSF Working Groups

MISSION STATEMENTS

Economic:

Create a resilient and diverse Plumas County, and assist with the rebuilding and development of businesses, employment, and economic opportunities.

Health & Social Services:

Restore and improve public health, health care, social service, and education networks for a more equitable and resilient Plumas County.

Natural & Cultural Resources:

Assist wildfire-impacted communities in Plumas County with efforts to preserve, protect, conserve, rehabilitate, recover, and restore natural and cultural resources through technical assistance, project development, resource identification, and project implementation.

Long-Term Recovery Plan

KEY IMPACTS

- ▶ 768,130 acres burned in Plumas County (45% of total acreage)
- ▶ Over 600,000 acres assessed as moderate-to-high soil burn severity
- ▶ 21,957 trees felled under Hazard Tree Removal Program
- ▶ 779 damaged or destroyed residences
- ▶ 144 damaged or destroyed commercial buildings
- ▶ 609 newly vacant parcels
- ▶ Nearly 15,000 cubic feet of public road damages in Greenville and Indian Falls
- ▶ Over 1,000 utility poles destroyed
- ▶ Indian Valley CSD reported 68% decrease in water and sewer revenues
- ▶ 46% increase in average home sale prices (2019-2022)
- ▶ 18-28% increase in average fair market rent rates (2017-2023)

Long-Term Recovery Plan

KEY IMPACTS

- ▶ Estimated 1,611 net job losses
- ▶ Estimated 68 net businesses closed
- ▶ Over \$15,000,000 in total verified business losses
- ▶ Over \$500,000 in reduced County property tax revenue in FY2022-23
- ▶ Highest employment losses: Public Administration (~45%), Transportation (~26%), Finance (~36%), Healthcare (~25%)
- ▶ At least 350 impacted elementary school students
- ▶ Increased need for mental healthcare services
- ▶ Impacts to Greenville Rancheria's medical and dental facilities resulted in patients driving 4 hours roundtrip to nearby facilities in Red Bluff

Long-Term Recovery Plan
