Plumas County  
TERMS and CONDITIONS

**BIDS:** Bids, modifications and requests for withdrawal thereof, received after the due date and time will not be considered.

All bids must be submitted in sealed envelopes, unless otherwise specified upon this request, and bid envelopes must be identified as per instructions set forth in the request transmittal. The entire bid packet needs to be submitted with your bid.

Prices for each bid item shall be inserted in ink or typewritten, penciled submittals will not be accepted. Price elements shall include rack price, freight costs, and margin costs associated with providing fuel. In addition, for diesel fuel, please include winterizing costs.

It is County policy to specify brand or make for descriptive purposes only. Further, where brand or make is specified in the request, an "Equal" will be considered. However, it will be the responsibility of the bidder offering an alternate brand to make or prove its equality, and where possible, to state brand and give catalogue reference. Unless the bidder states that he/she is offering an alternate, he/she will furnish the brand or make specified in the request.

The County will waive all limits to specific brand, whenever performance and functional specifications are met.

Unless otherwise specified in the request, bidder must state time of proposed delivery. Delivery will only be allowed during the department's operational days and hours.

Samples of items, when required, must be submitted within the time specified in the request and at no expense to the County of Plumas. If not destroyed by testing, sample will be returned at the County's expense.

**AWARDS:** Awards shall be made to the lowest responsible bidder provided, however, quality offered, delivery terms, and service reputation of the bidder may be taken into consideration in determining the lowest responsible successful bidder. All requests for bid packets shall be approved as to form by the County Counsel.

**TAX:** The total bid amount must include sales tax, if applicable.

**The County reserves the right to reject any and all bids and to waive informalities and minor irregularities in bids. The County may also make an award for any item or group of items in any bid, unless the bidder qualifies his/her bid by specific limitations.**

Public Works  
2025 Fuel Bid  
This is a One (1) Year Bid

Gas, Clear Diesel, Furnace Oil (heating oil #2)

Starting on January 1, 2025 through December 31, 2025

We are interested in obtaining bid prices at each of our six maintenance facilities for 87 Octane Gasoline, CLEAR Diesel for equipment tanks, and Furnaces Oil (heating oil #2). We would like to be on a **“keep full”** basis (weekly deliveries in winter months) for the 2025 calendar year, which is defined as filling gas and clear diesel tanks to 90% capacity. The only exception is filling the 10,000-gallon diesel tank in Quincy as requested. We reserve the right to award each product at each facility separately, depending on bid prices.

**DELIVERY MINIMUM 100 GALS**

Deliveries accepted during regular business hours

Winter Hours: 8AM - 4:00 PM Mon- Friday / Summer Hours: 7AM - 5:00 PM Mon- Thursday

Please furnish your bid prices specifying the rack you will be pulling from. Bids need to be rack price only (taxes to be added later). If awarded the bid, a rack price sheet must be submitted bi-weekly with extended delivery tickets. If the price changes more than once per two-week period, a new rack price sheet needs to be attached to each price change.

**Please Note:** You must have your driver leave the fuel tag at the maintenance facilities when they are done filling the tank (even if there is no on present) if not, this will delay your payment.

We will be purchasing **(heating oil #2)** from **November through March/April.** All heating oil #2 will be winterized. Please include winterization charge on bid.

**Winterization must prevent fuel gelling to – 20 F (page 4)**

Bid sheets are attached with approximate quantities in each area. All gas and clear diesel tanks are 2,000 gallons, with exception that La Porte UL is 200 gallons, and Quincy now has a 10,000-gallon diesel tank. All furnace tanks (heating oil #2) are 1,000 gallons except Chester which is 1,500 gallons, equipment repair shop 2,000 gallons; steam cleaner is 1,000 gallons.
