

Hazardous Materials Business Plan Exemption Application
For Temporary Emergency Generator Deployment

This exemption application is to be completed and returned to the appropriate local administrating agency (see Page 2) if you are responsible for deploying an emergency power system (generator) for disaster responses and/or emergency events that would otherwise be subject to the reporting requirements of California Health and Safety Code Chapter 6.95.

Applicant Company Name: Pacific Gas & Electric Co. (PG&E) Date 06/02/2025
Applicant Mailing Address: PO Box 28150 City Oakland Zip Code: 94604
Applicant Contact Name: Sheilah Lillie Business Phone: 209.262.0164
Applicant Email Address: SMLZ@PGE.COM

☒ Public Safety Power Shutoff Event ☐ Other Emergency Event. Please provide a brief description and initial date of event.
Temporary generator deployed to support Community Resource Center during PSPS events. Expected duration of deployment 90-210 days.

Complete the table for equipment pertaining to the site address below. Use additional pages if necessary.

Company Name (where unit is to be deployed)	PG&E Chester Elks Lodge

For Official Use Only

Pursuant to California Health and Safety Code Section 25507(d), this local agency finds that exempting these emergency power systems (generator) from the hazardous material reporting requirement will not pose a present or potential hazard to human health or safety or to the environment or affect the ability of the administering agency and emergency rescue personnel to effectively respond to a release of a hazardous material.

This exemption does not relieve the Business from any requirements other than those listed, and this local agency reserves the right to rescind this exemption if the conditions are not adhered to or if the above finding can no longer be made.

☒ Exemption Approved ☐ Exemption Denied ☐ Exemption Completed (Generator Removed from Site)
